

Navigate Safer with AI Intelligence

RouteMind AI combines real-time traffic analysis, safety telemetry and AI-powered route suggestions to help you reach your destination safely, efficiently and with peace of mind.

Real-Time Safety Monitoring

Detects risks, delays and unusual activity.

Circle of Trust

Keep your loved ones informed with live location & safety alerts.

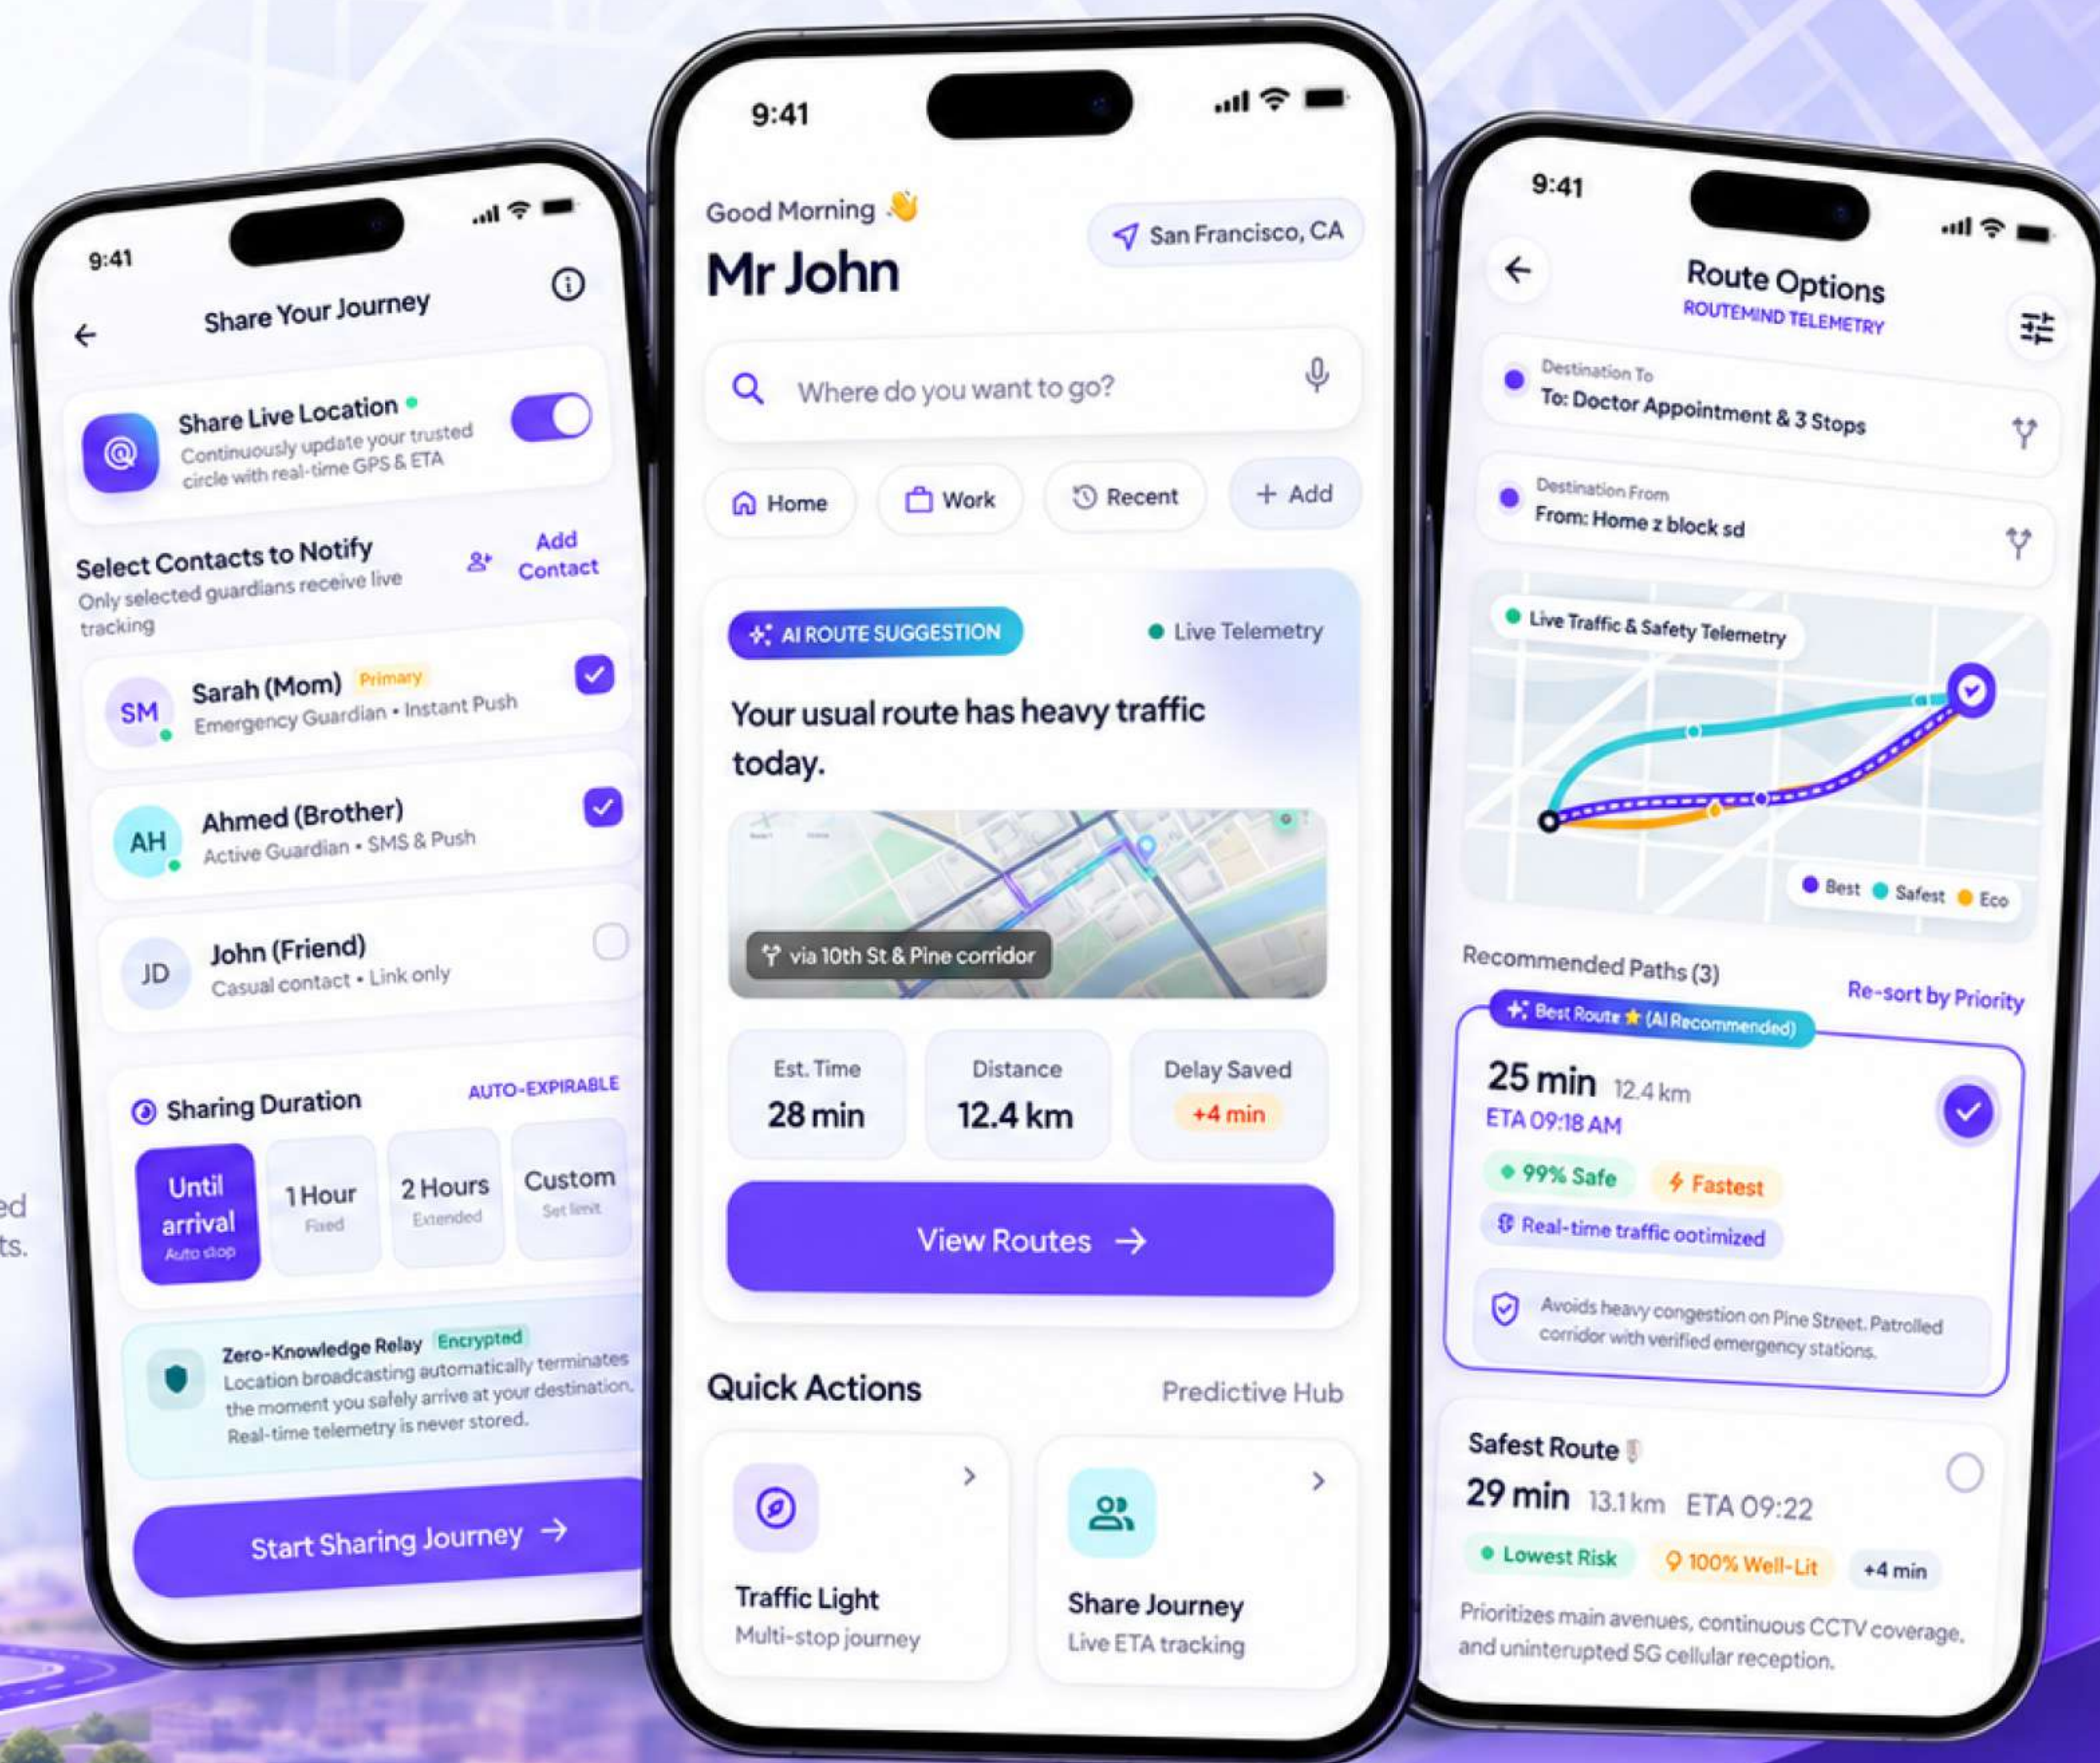

AI Route Suggestions

Find the safest, fastest and most efficient routes.

Eco-Friendly Travel

Save time, fuel and reduce emissions.

KEY FEATURES

A Smarter Way to Travel Safely

RouteMind AI combines real-time data, safety telemetry and artificial intelligence to give you a safer, smarter and more reliable travel experience.

AI Route Suggestions

Get the safest, fastest and most efficient routes using real-time traffic and AI analysis.

Real-Time Safety Monitoring

Detects risks, delays and unusual activity during your journey.

Live Traffic Alerts

Receive instant alerts about accidents, heavy traffic, roadblocks and unusual delays.

Circle of Trust

Keep your family and trusted contacts informed with live location and emergency broadcasts.

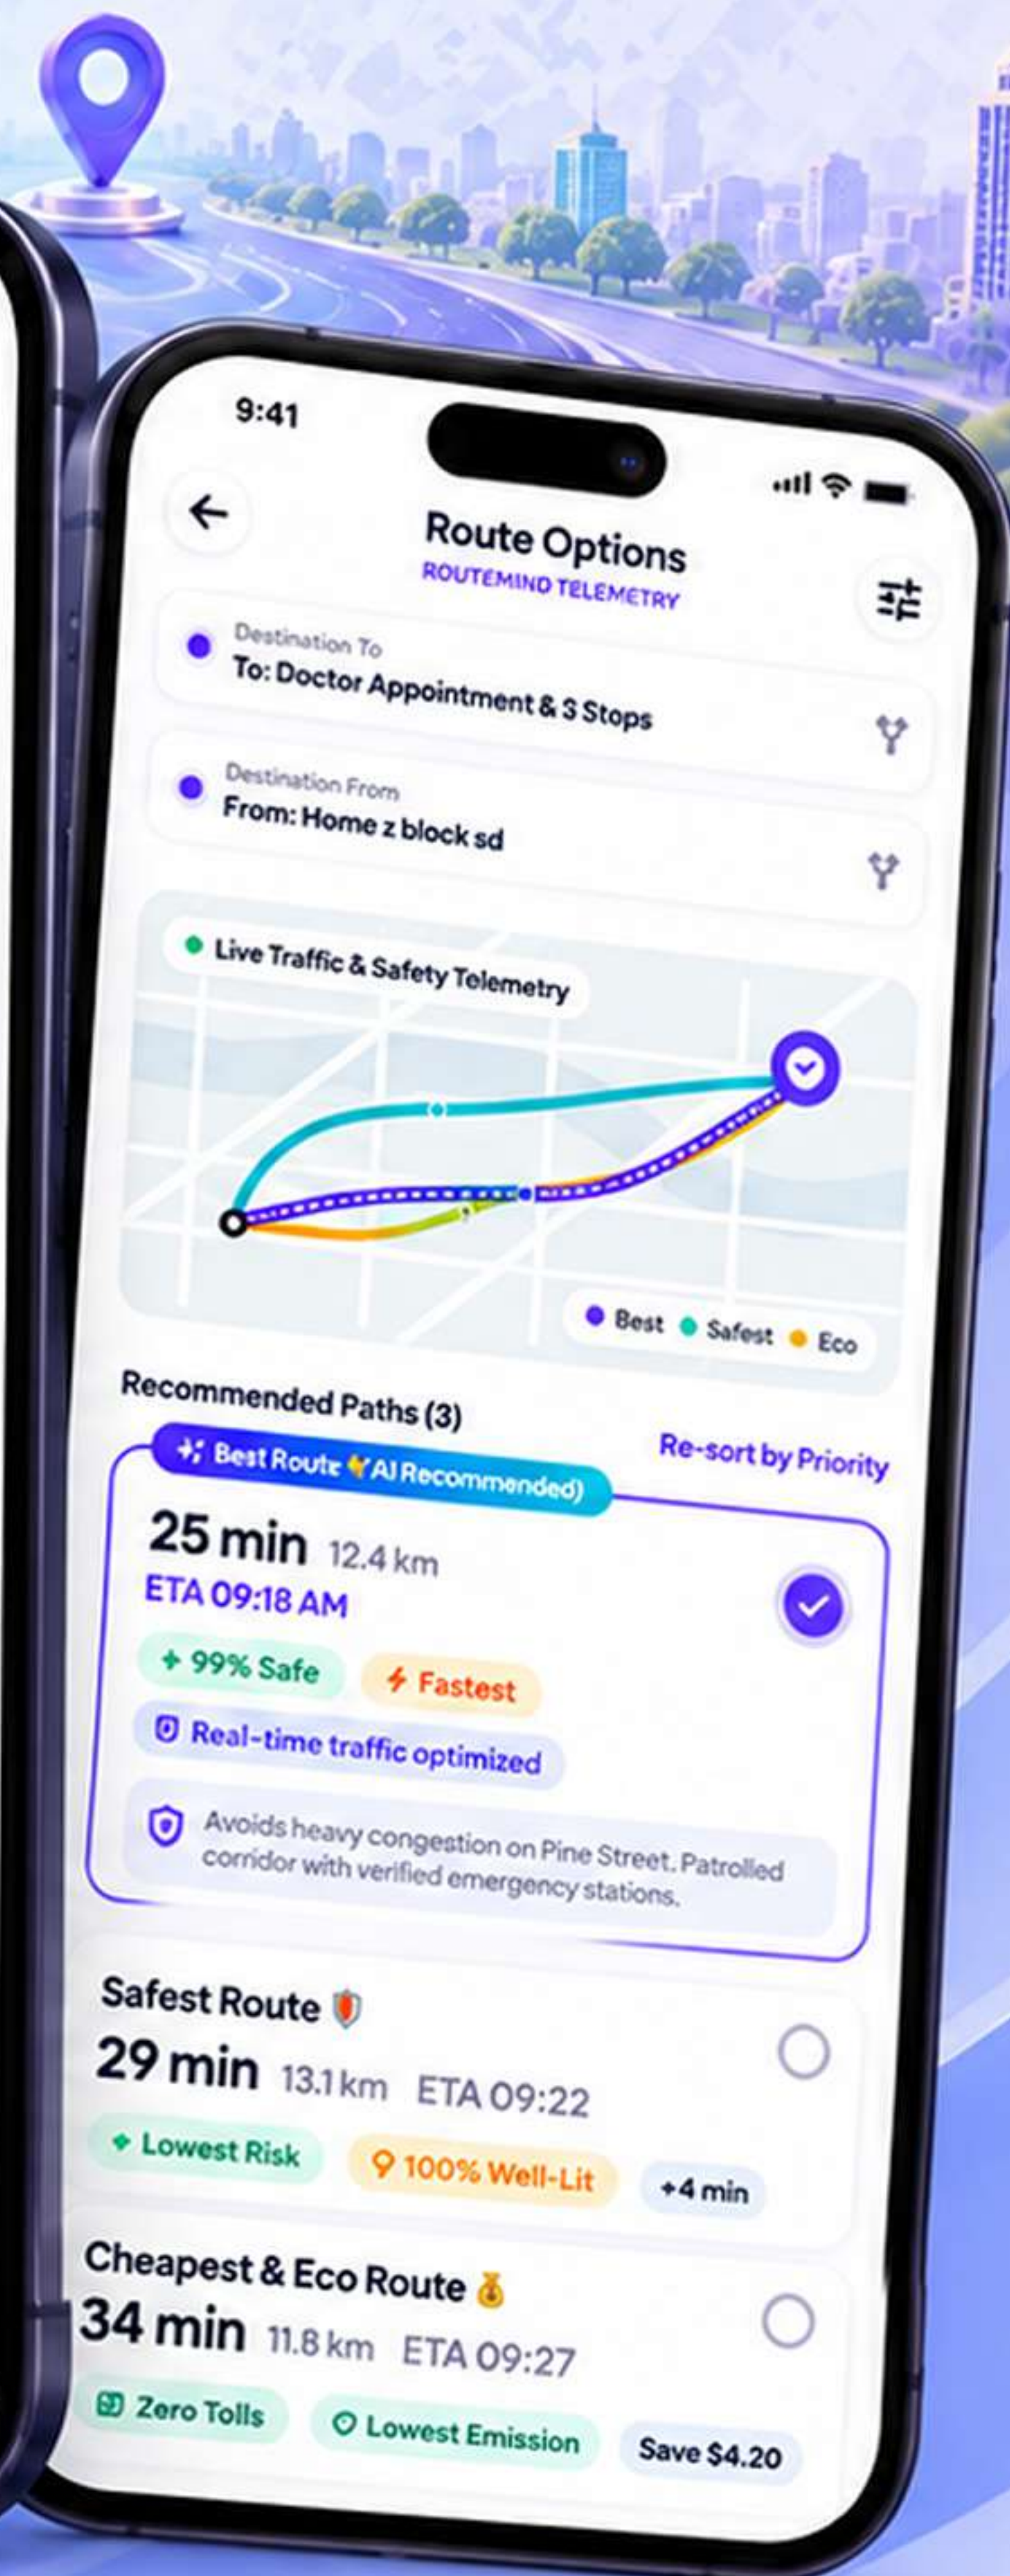

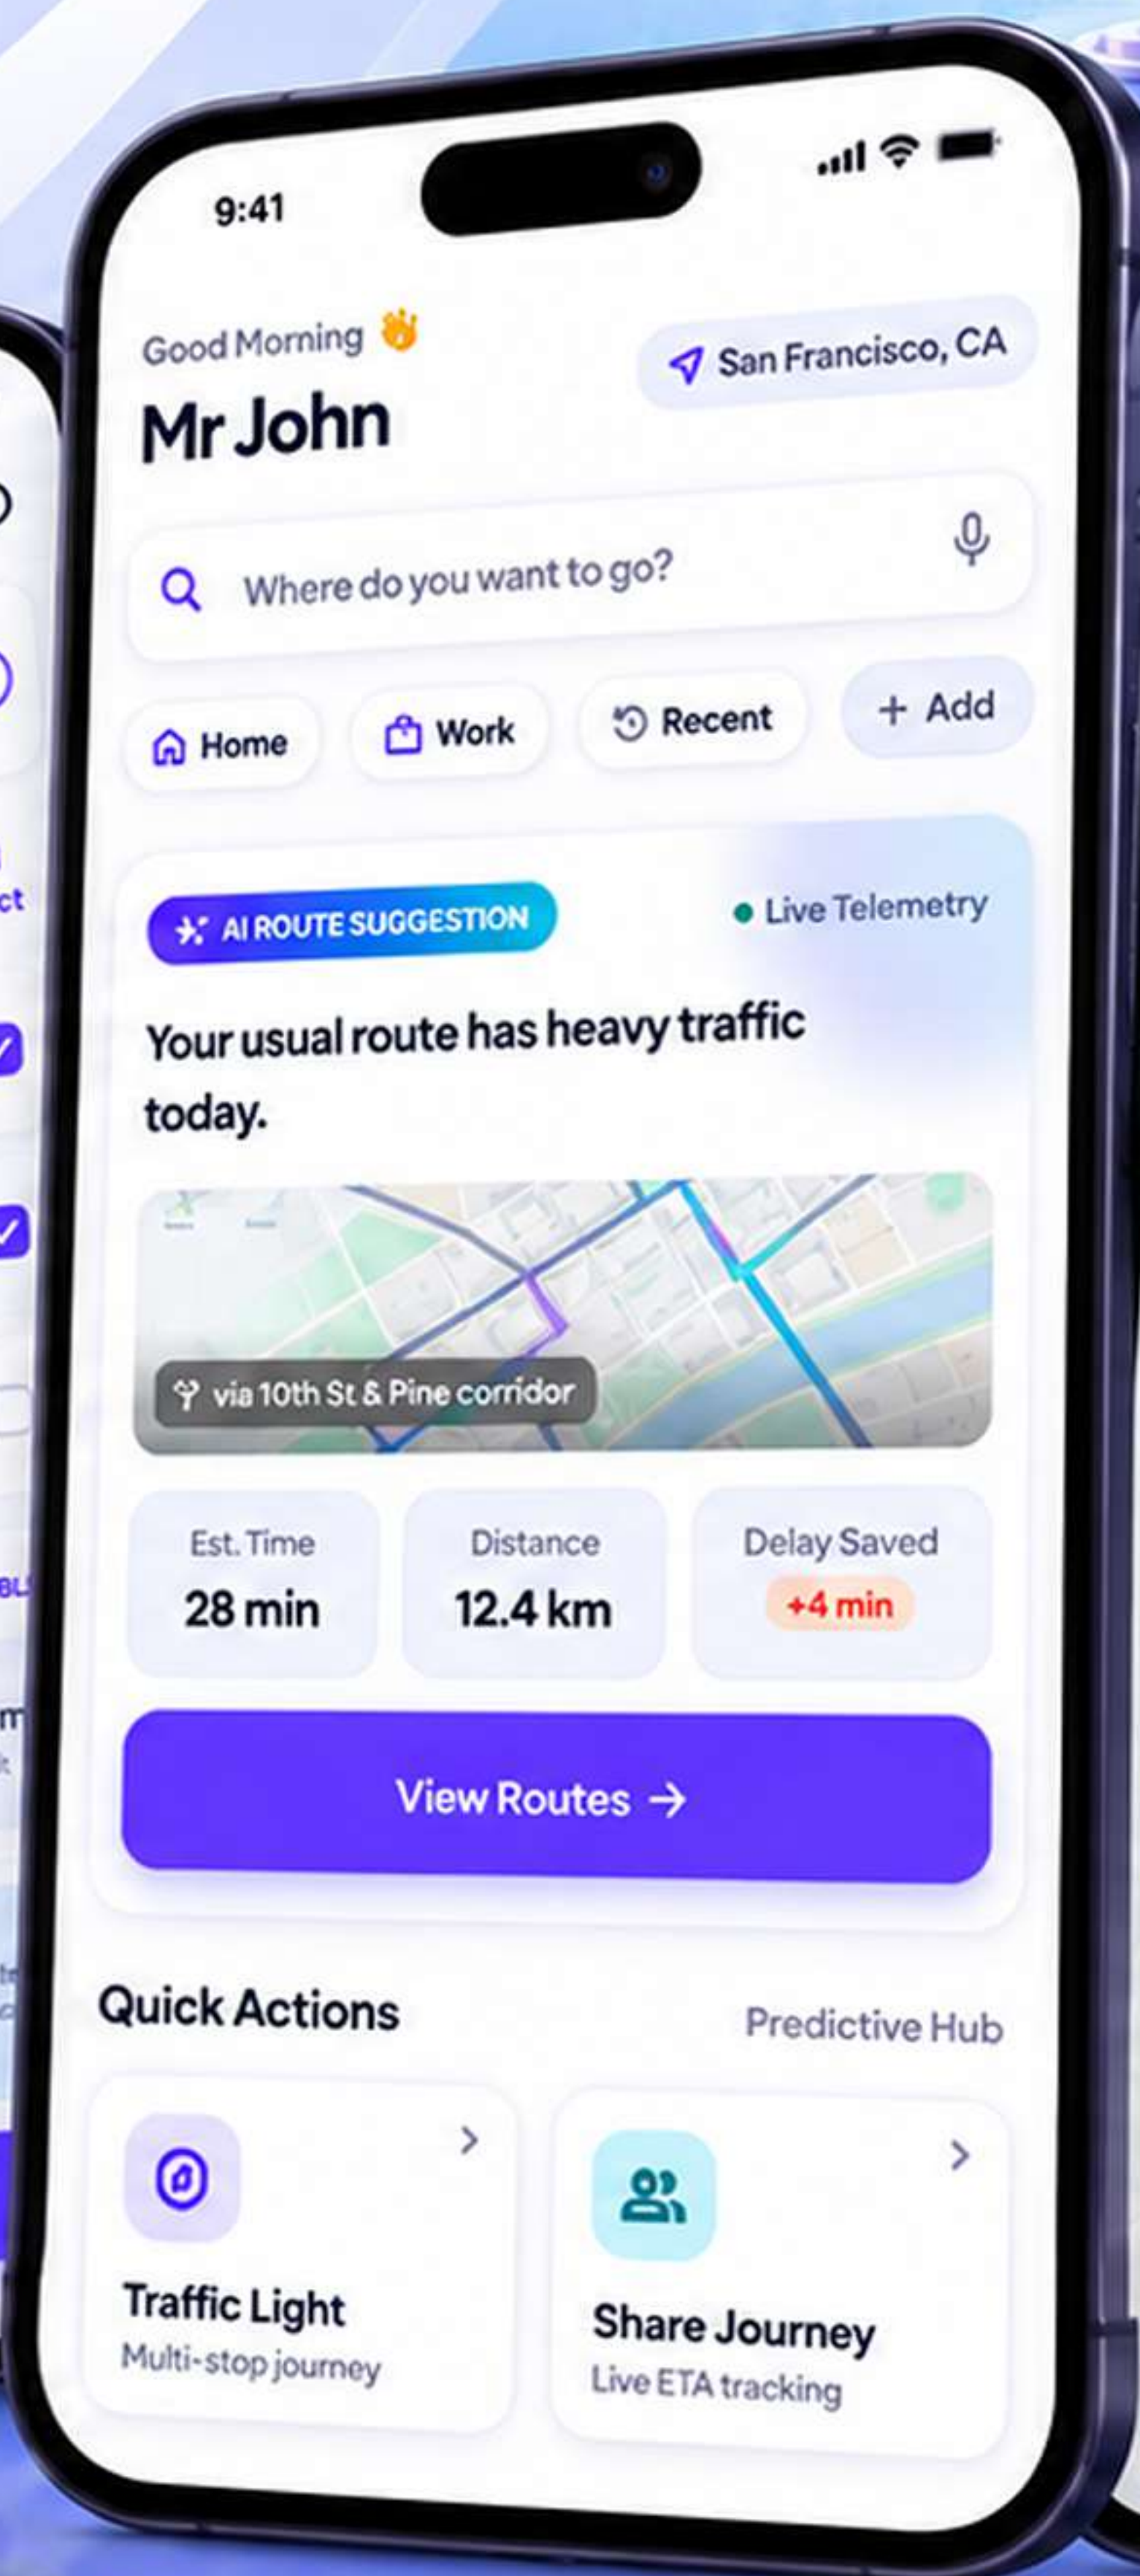

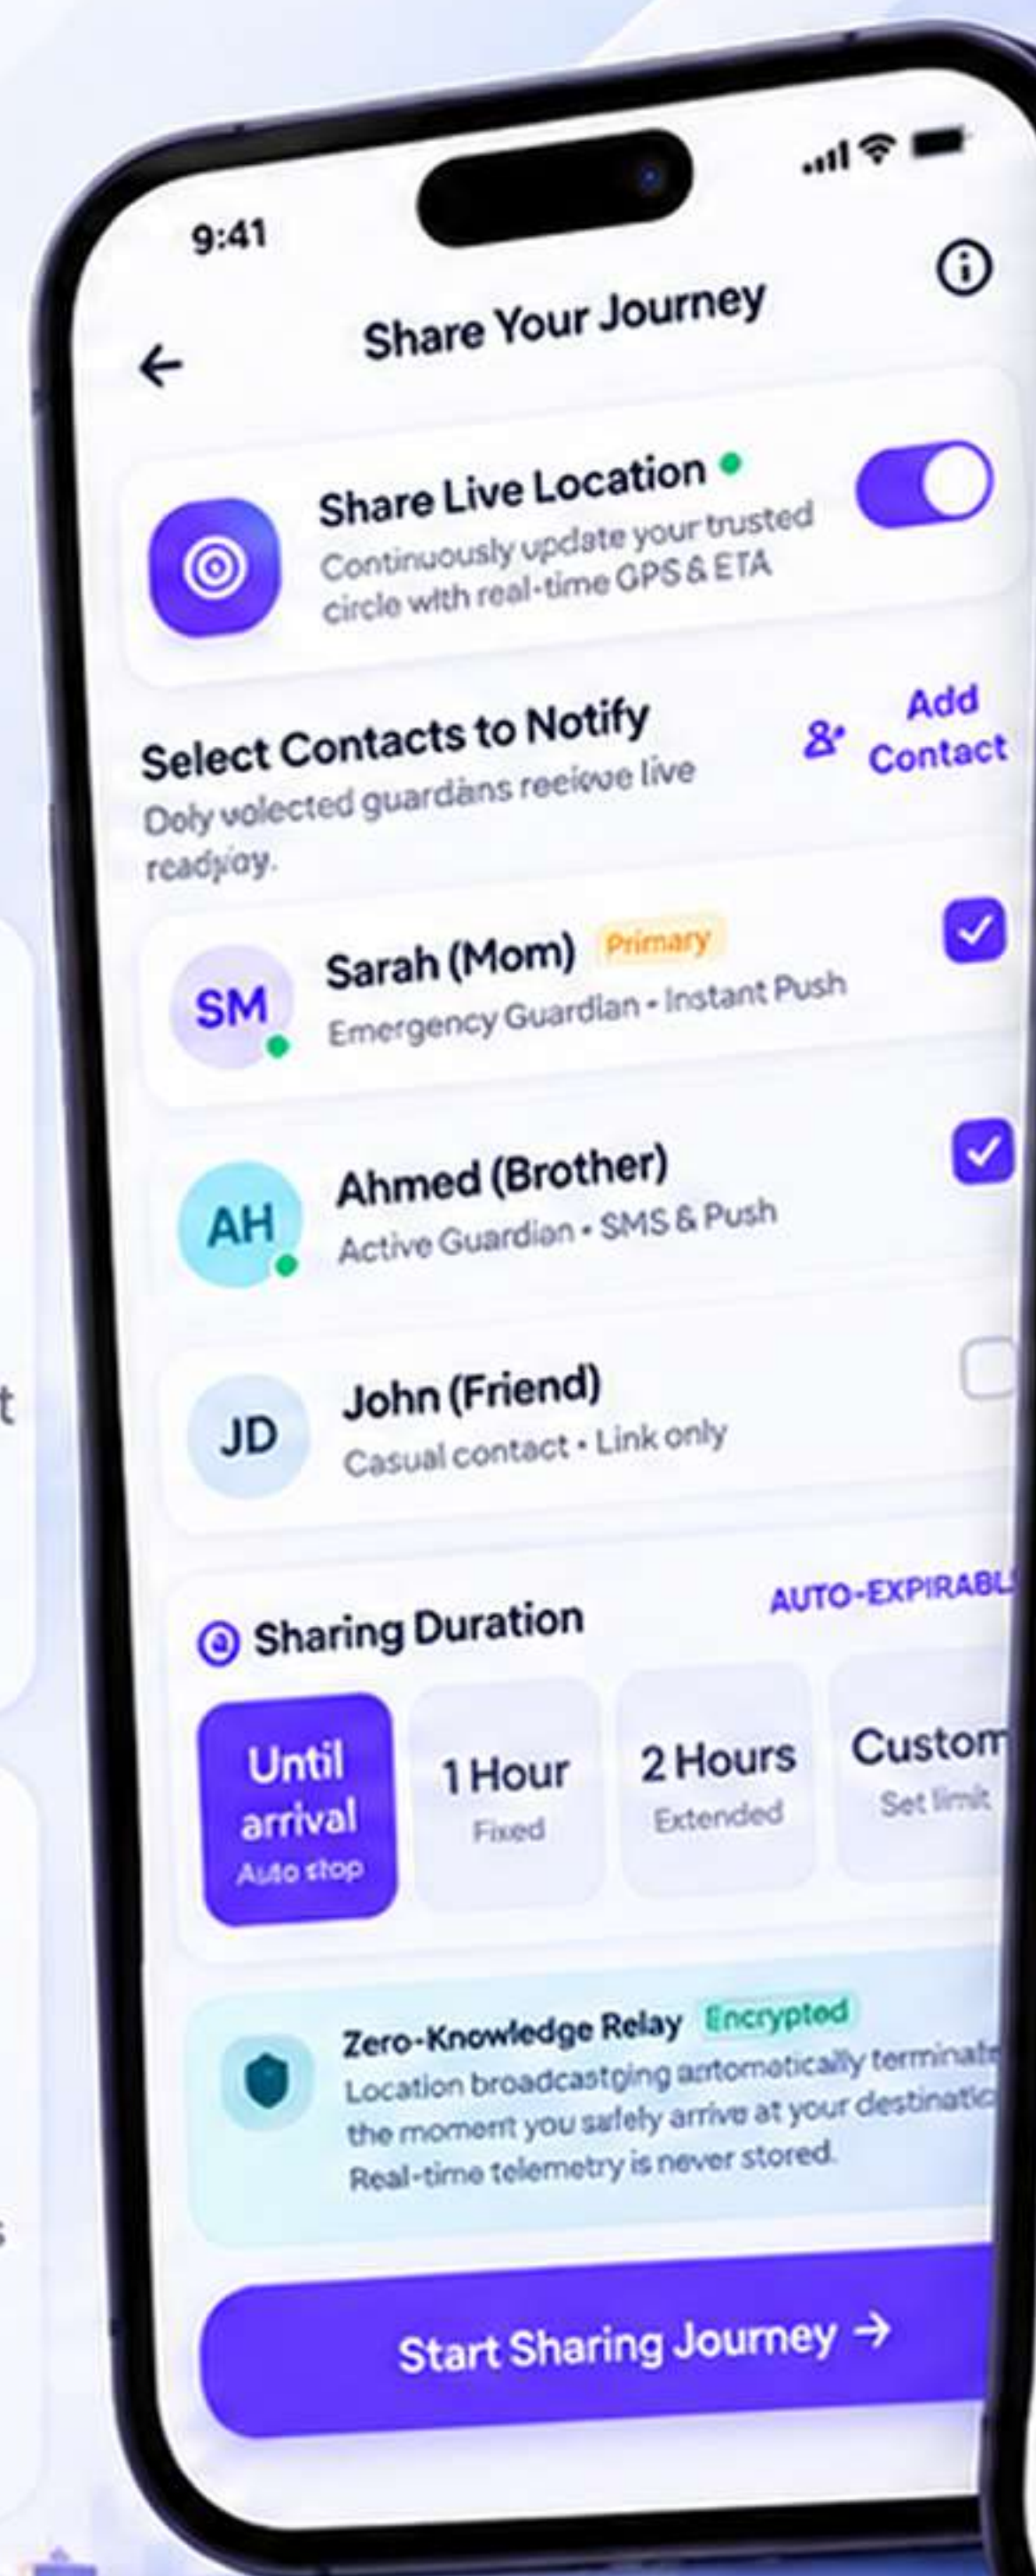

Eco-Friendly Travel

Choose routes that save fuel, reduce emissions and contribute to a greener environment.

Journey Telemetry

Track your journey statistics like distance, safety score, battery impact and street illumination.

Simple & Intuitive Journey

Get started in minutes and experience a safer, smarter way to travel with AI-powered navigation and real-time safety telemetry.

Easy Setup

01

Splash & Onboarding

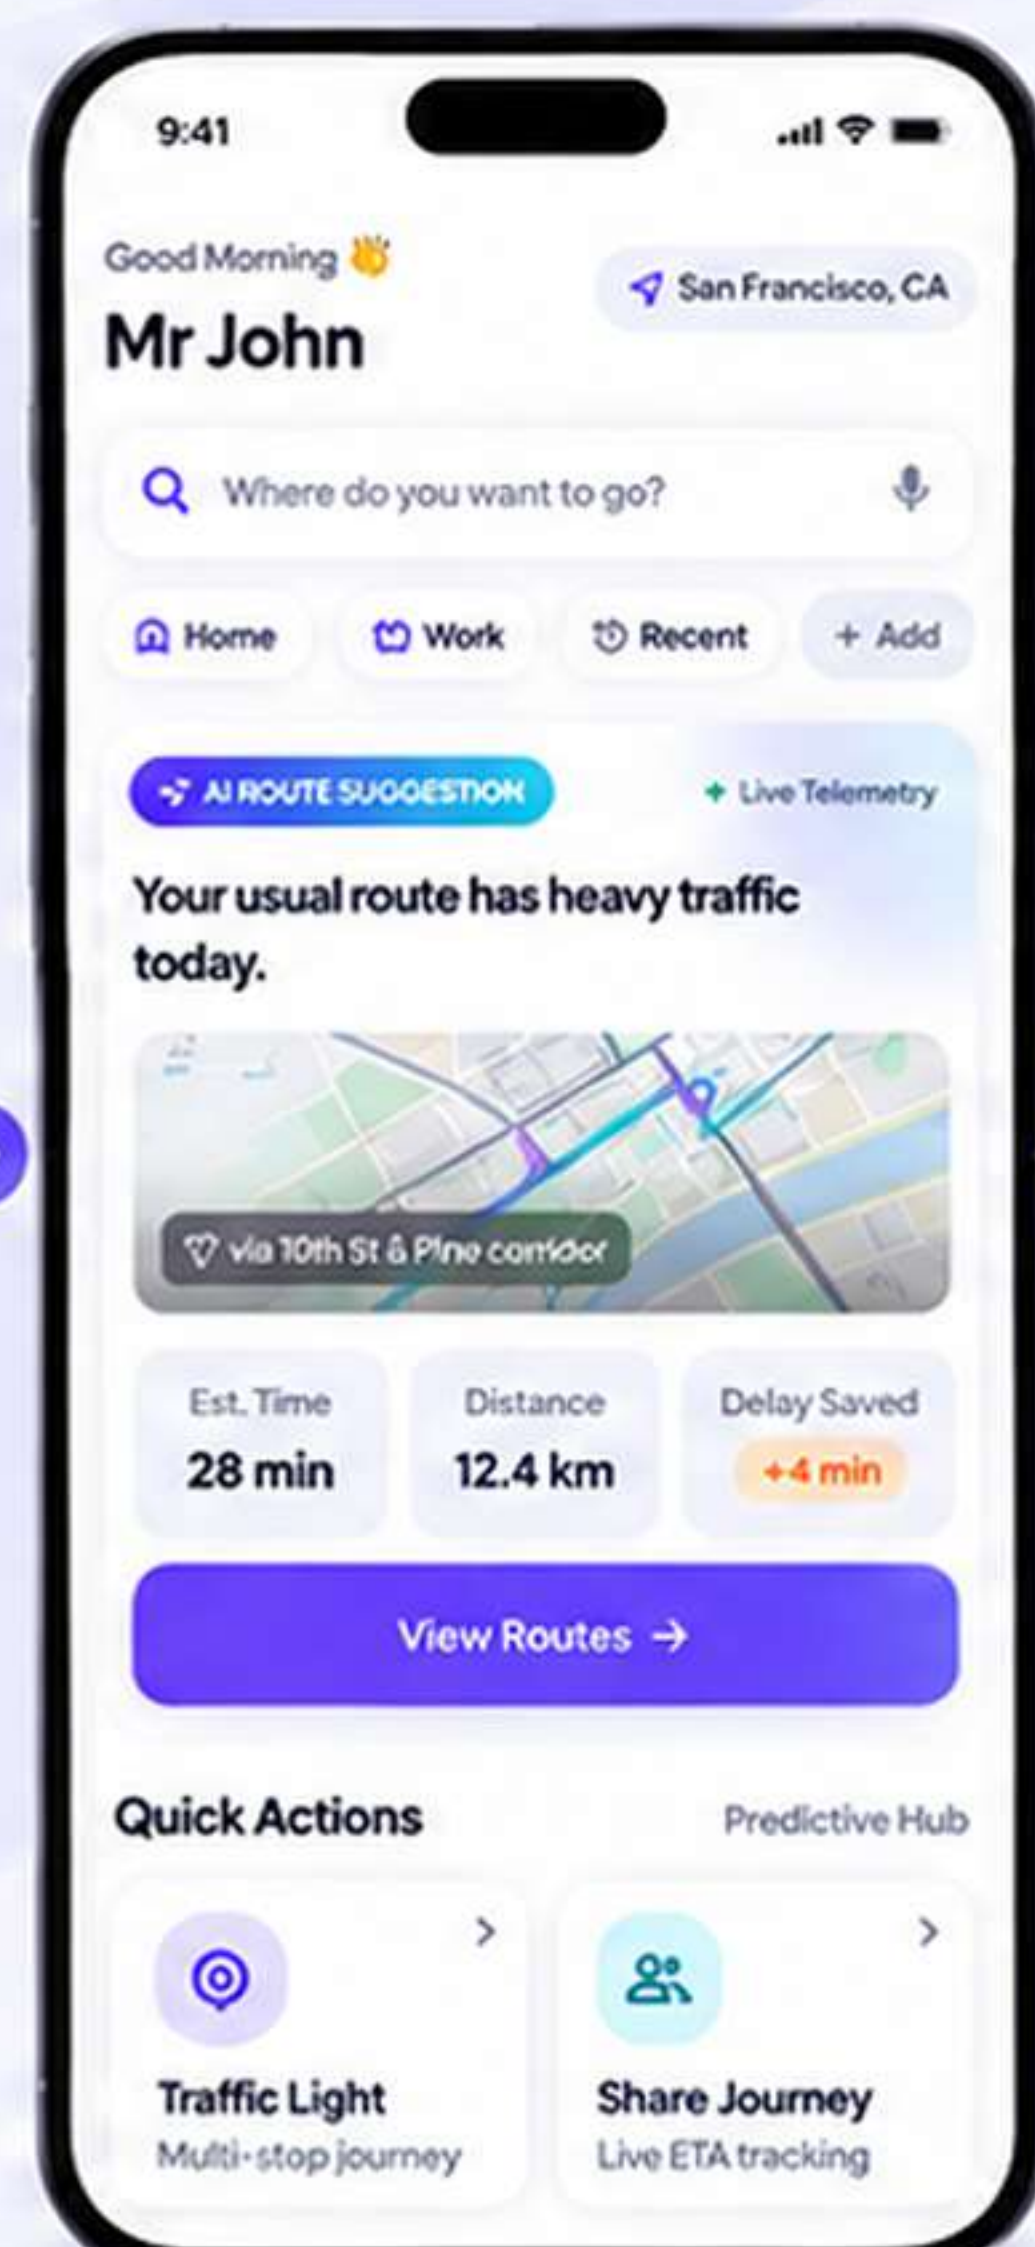

A smooth onboarding experience to introduce the app.

02

Add Your Circle

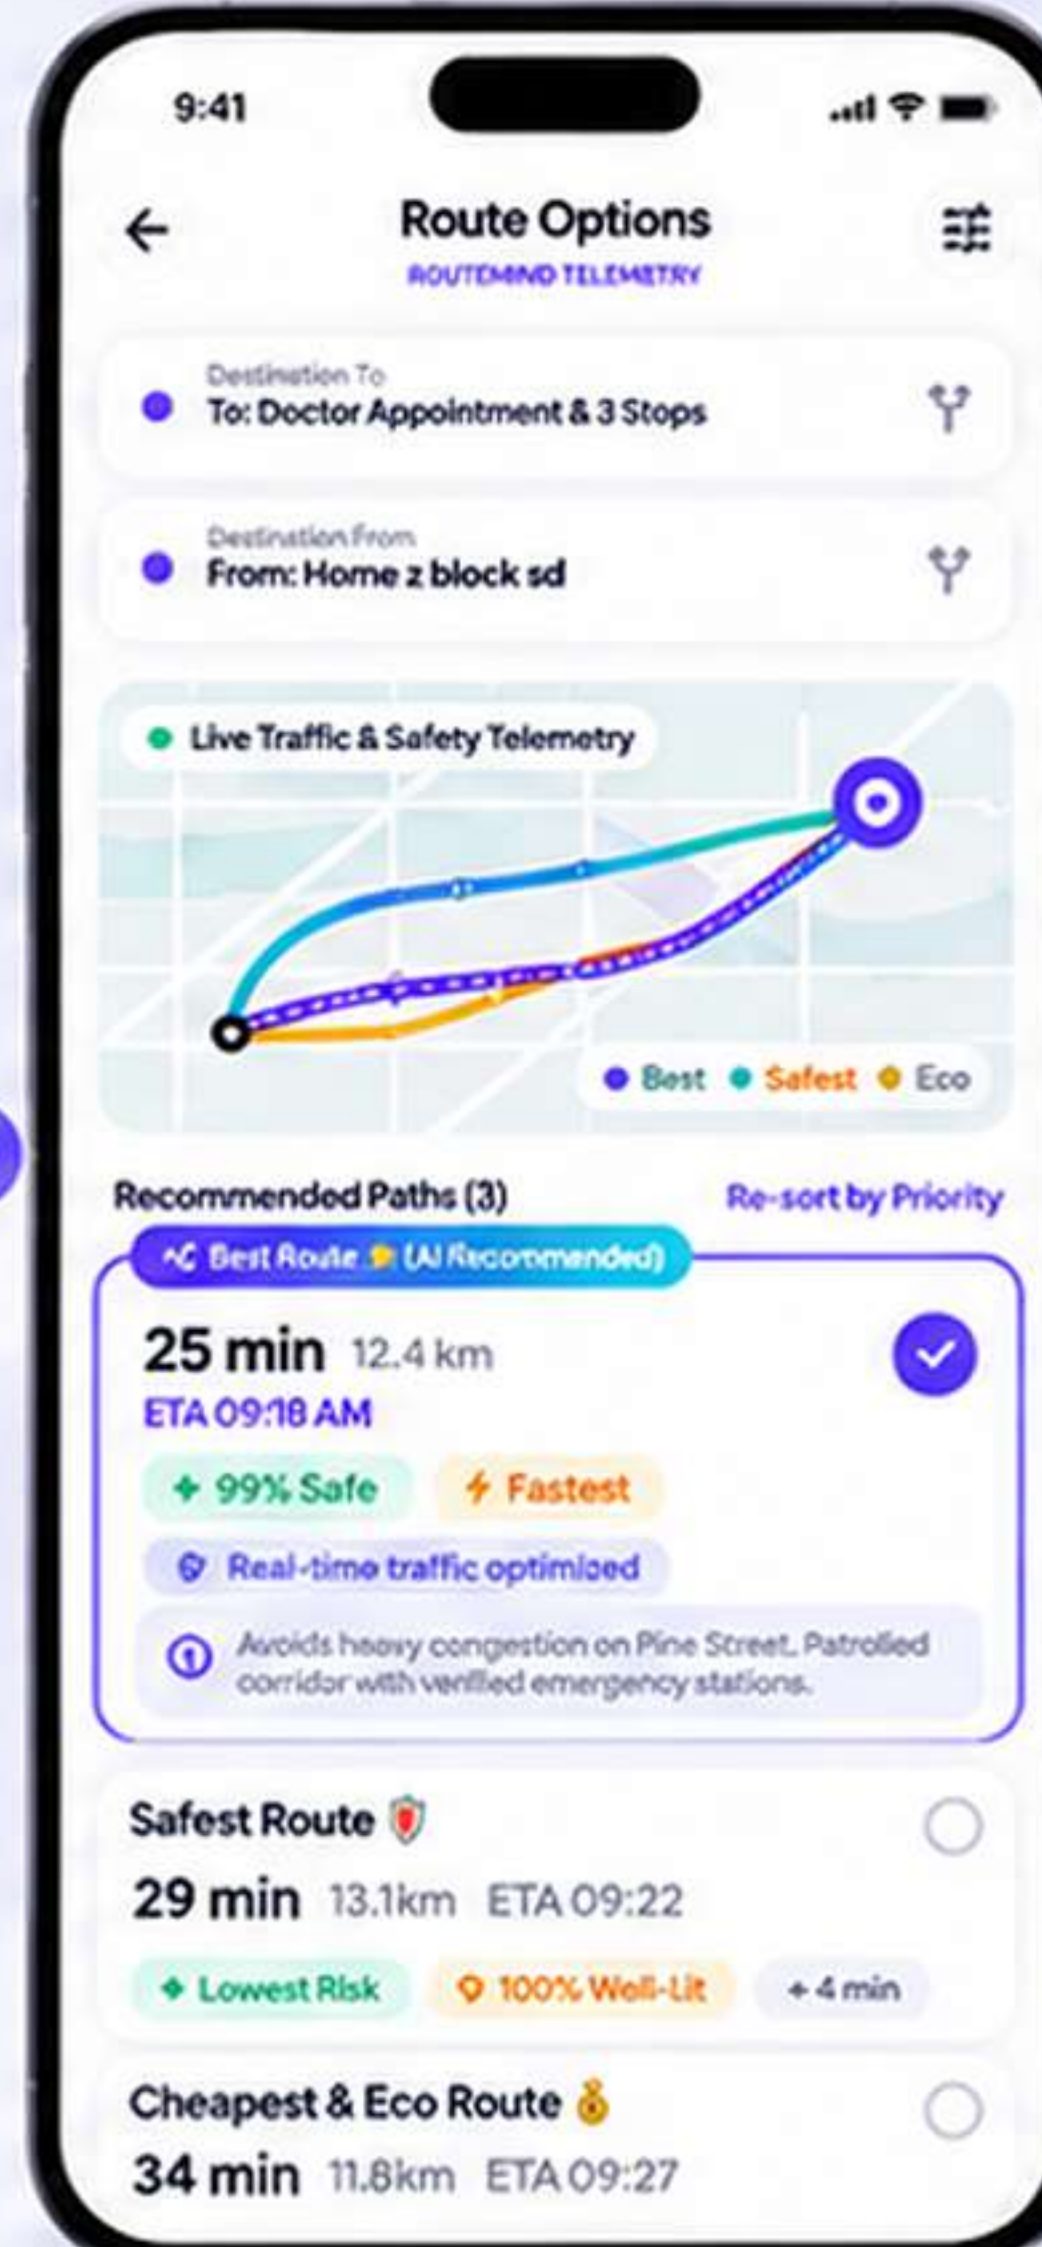

Choose trusted contacts to share your live location and receive alerts.

03

Home Dashboard

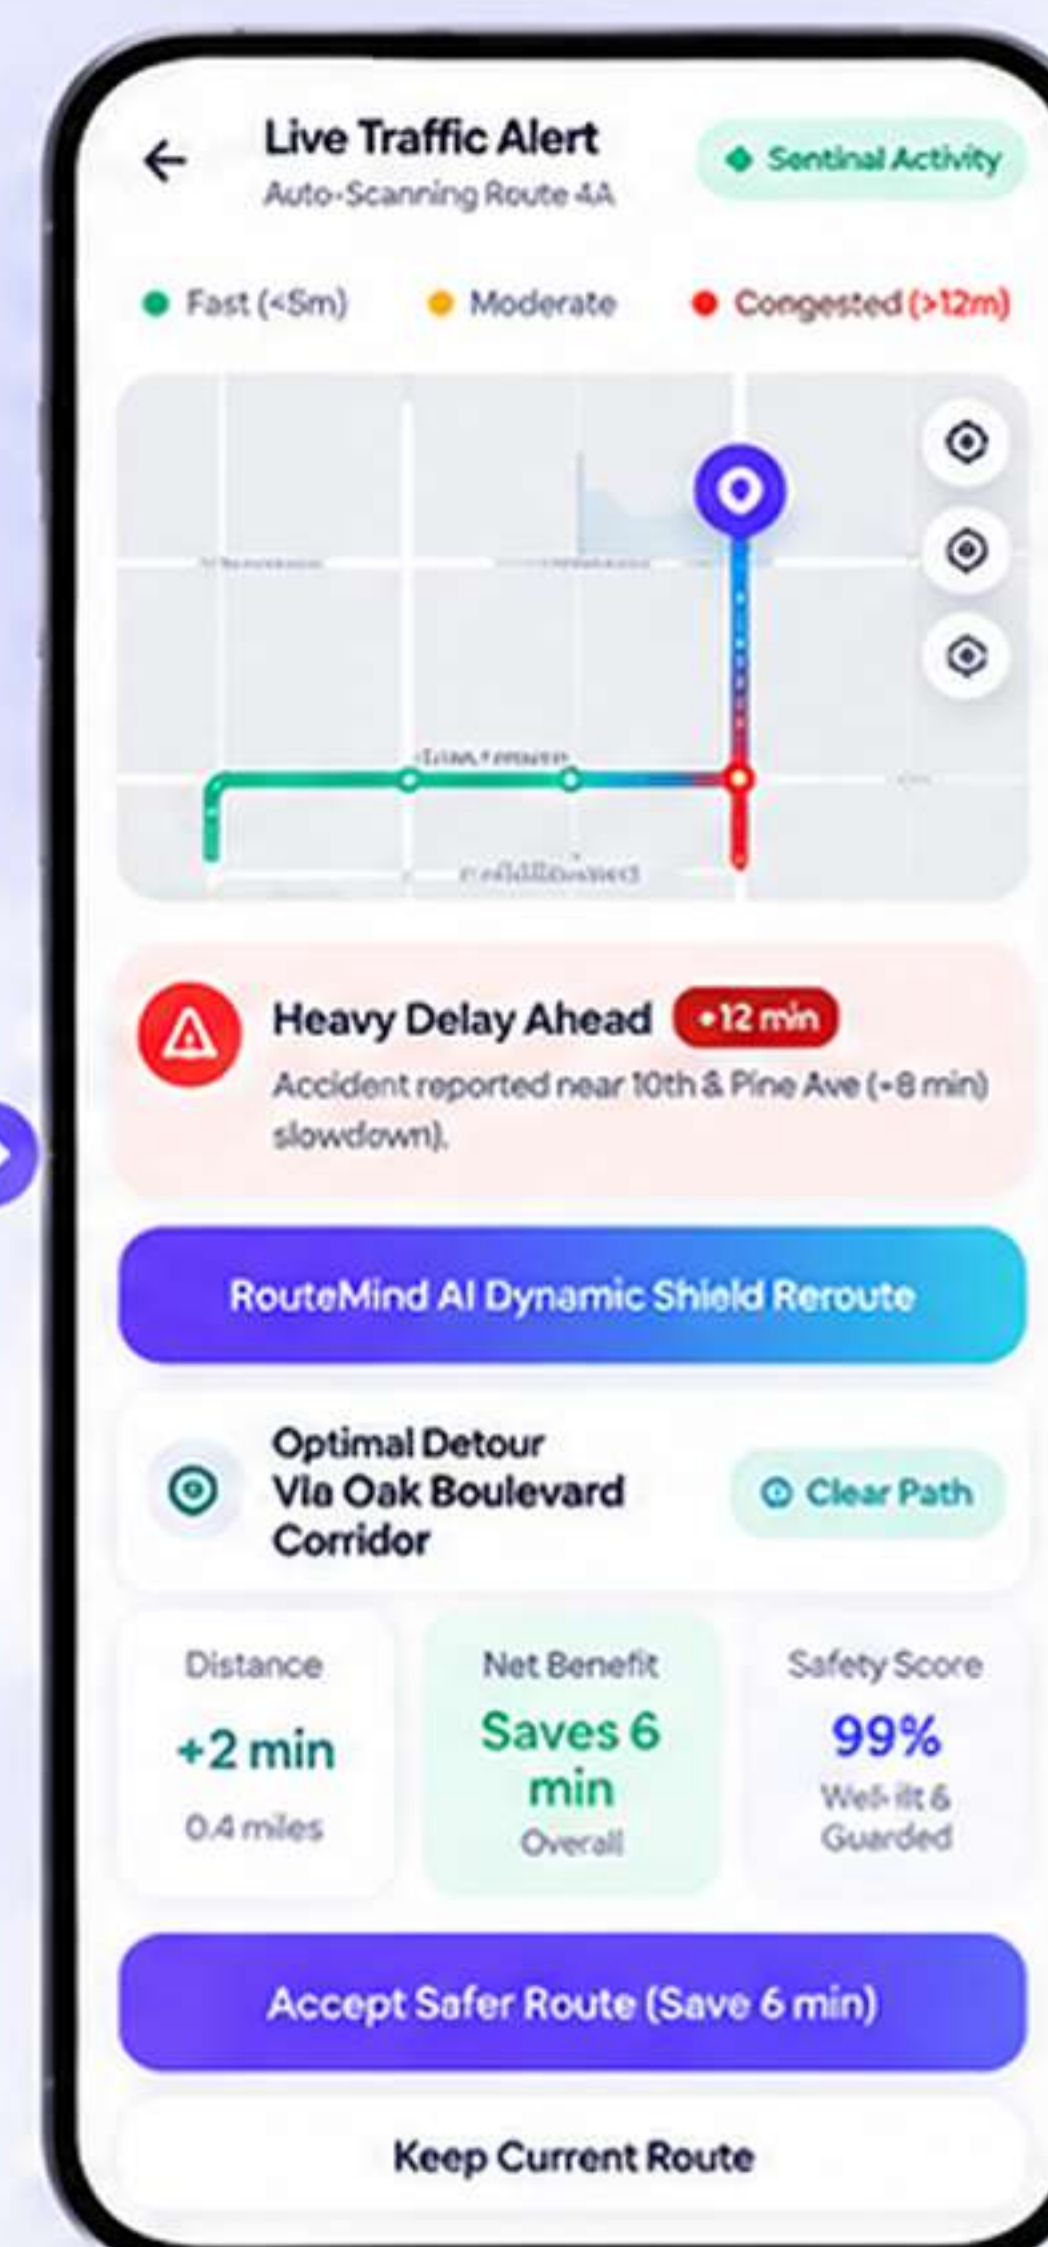

Get AI-powered route suggestions and real-time traffic insights.

04

Choose Best Route

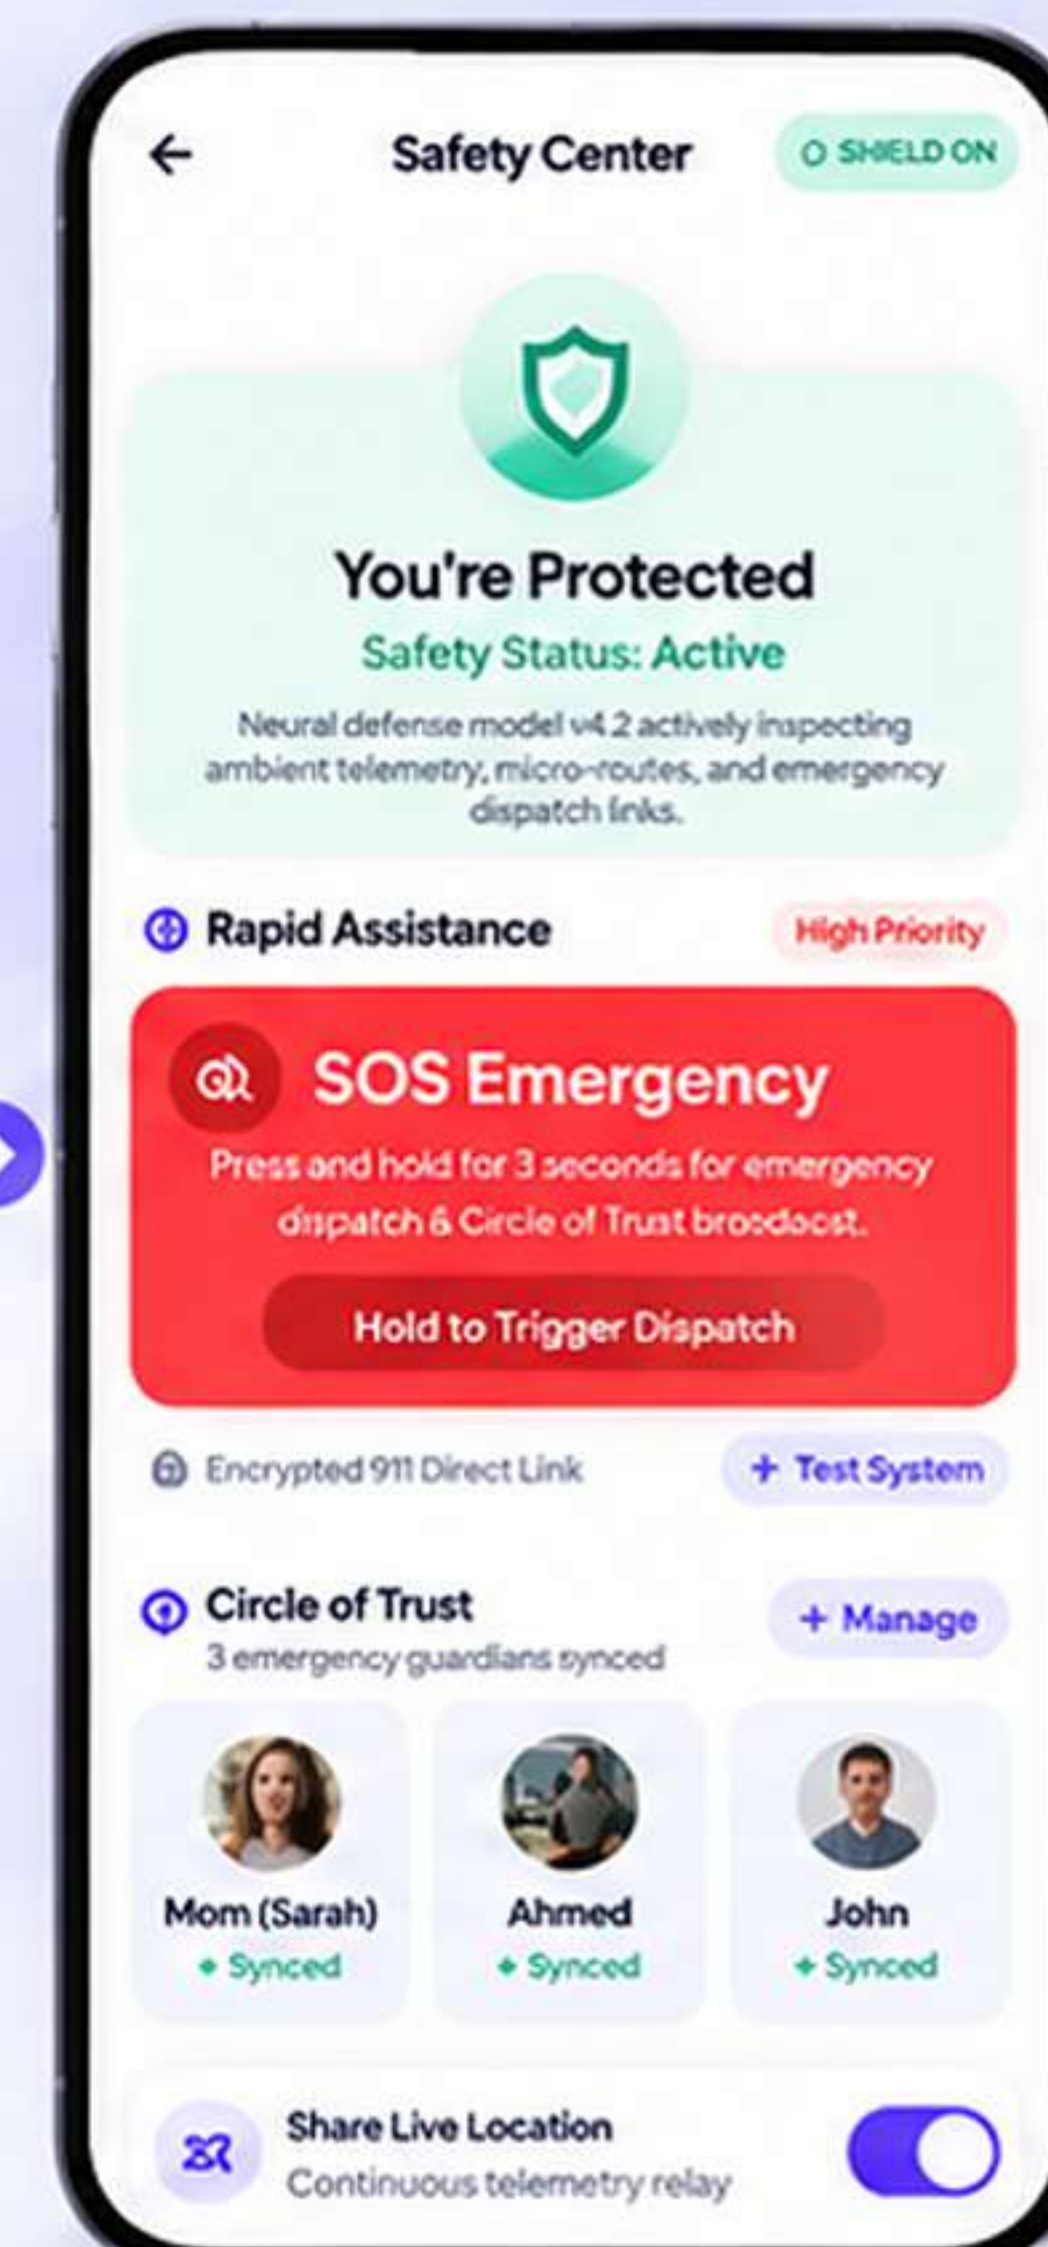

Compare multiple routes with safety score, ETA and live telemetry.

05

Live Alerts & Rerouting

Receive instant alerts about accidents, delays and safer alternative routes.

06

Stay Protected

Your safety is always monitored with real-time telemetry and emergency support.

SAFETY FEATURES

Real-Time Protection

Stay safe on every journey with live monitoring, instant alerts, and emergency support powered by AI and real-time telemetry.

Live Traffic Alerts

Get instant notifications about accidents, delays, roadblocks and unusual activity.

Circle of Trust

Share your live location with family and trusted contacts for added safety.

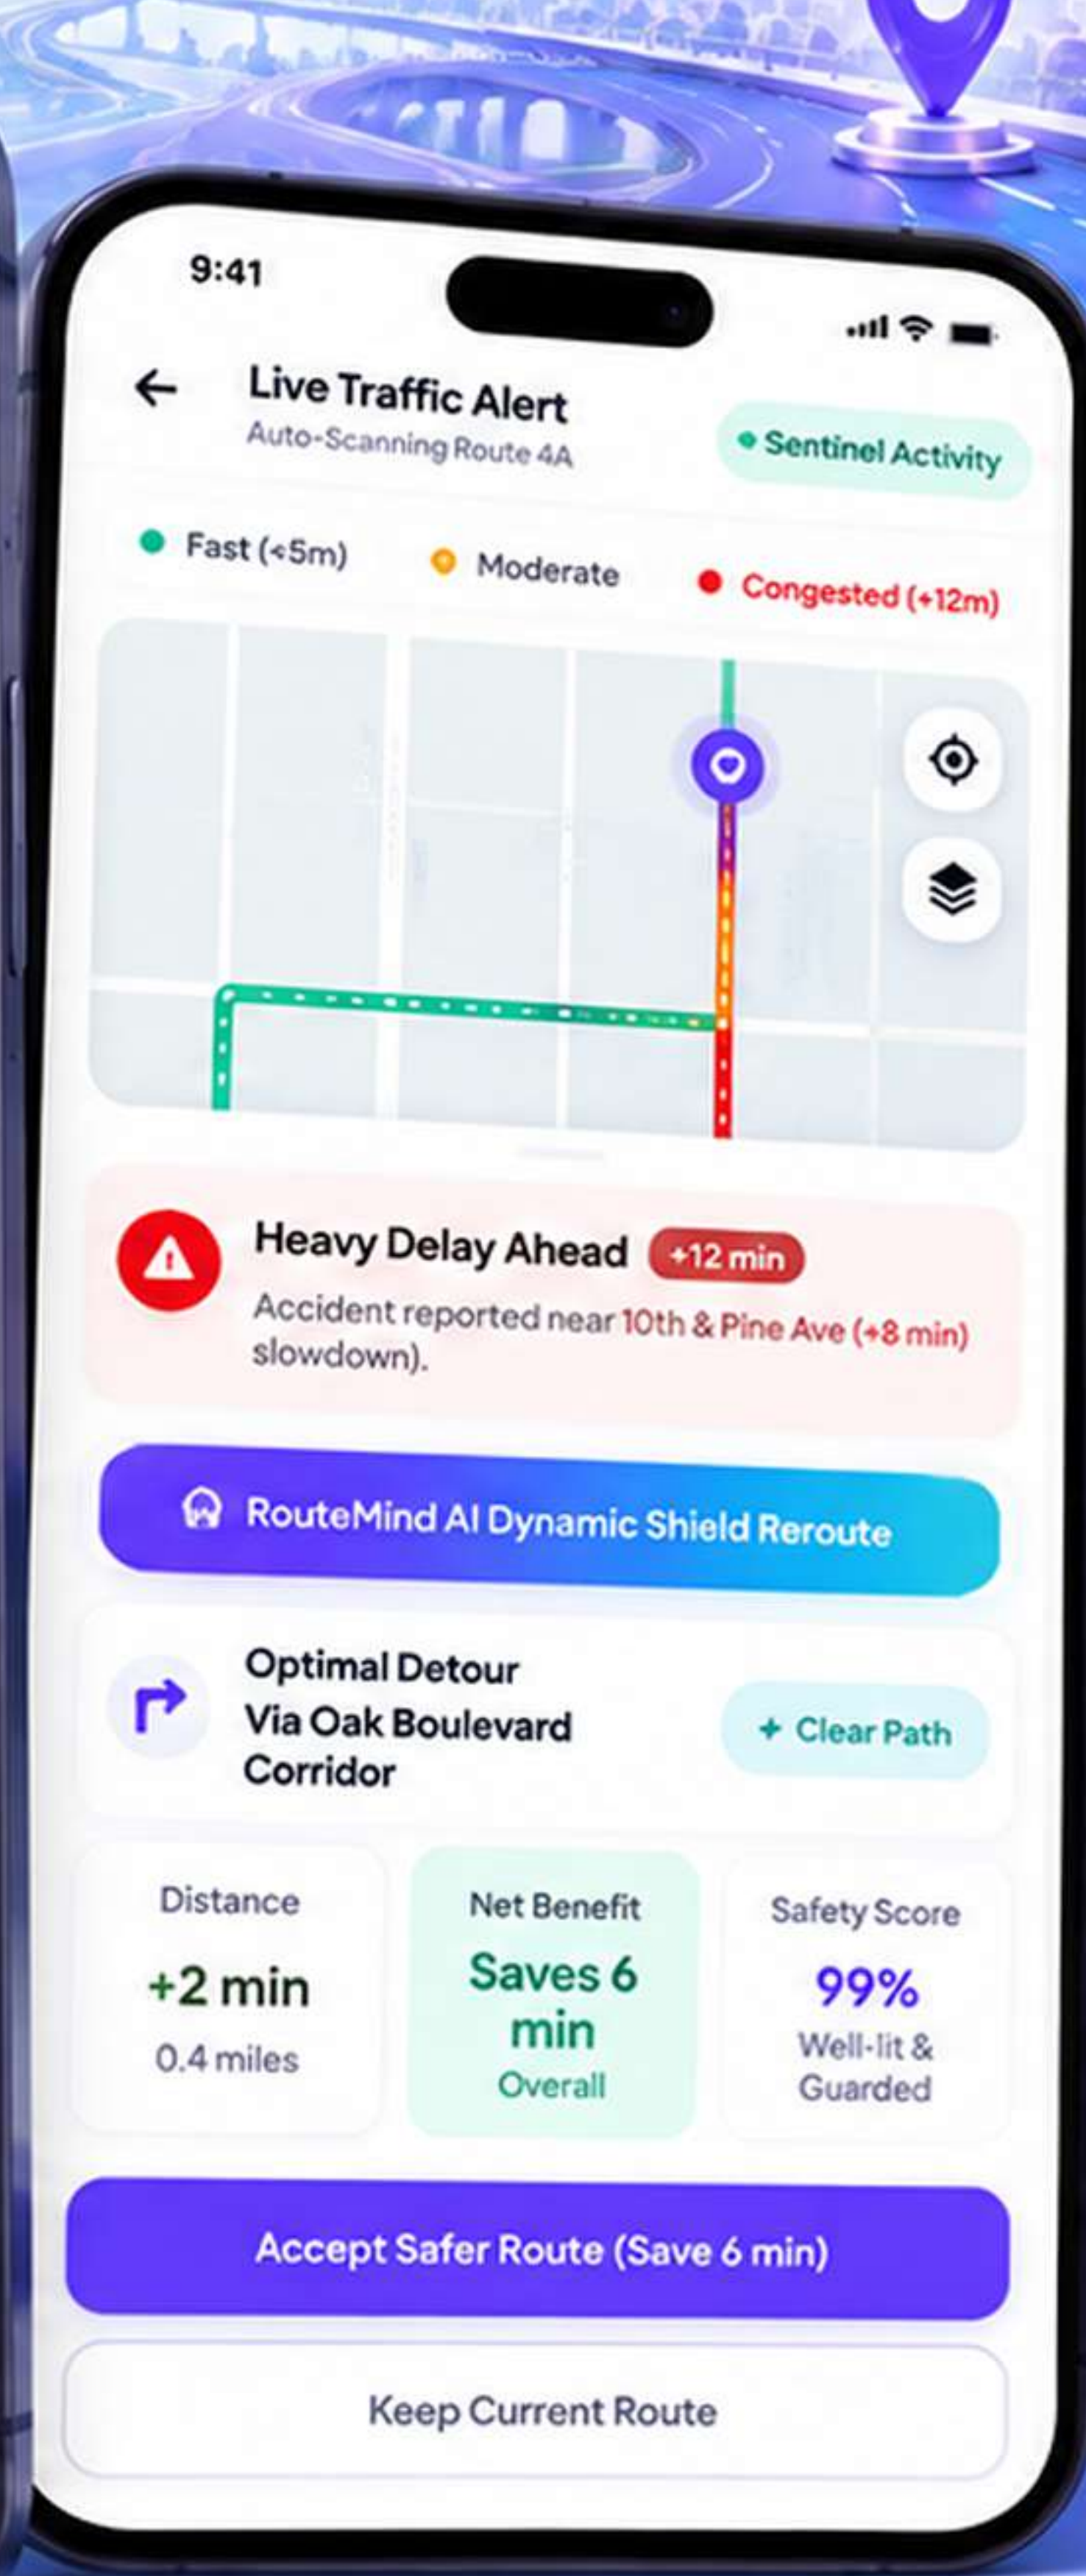

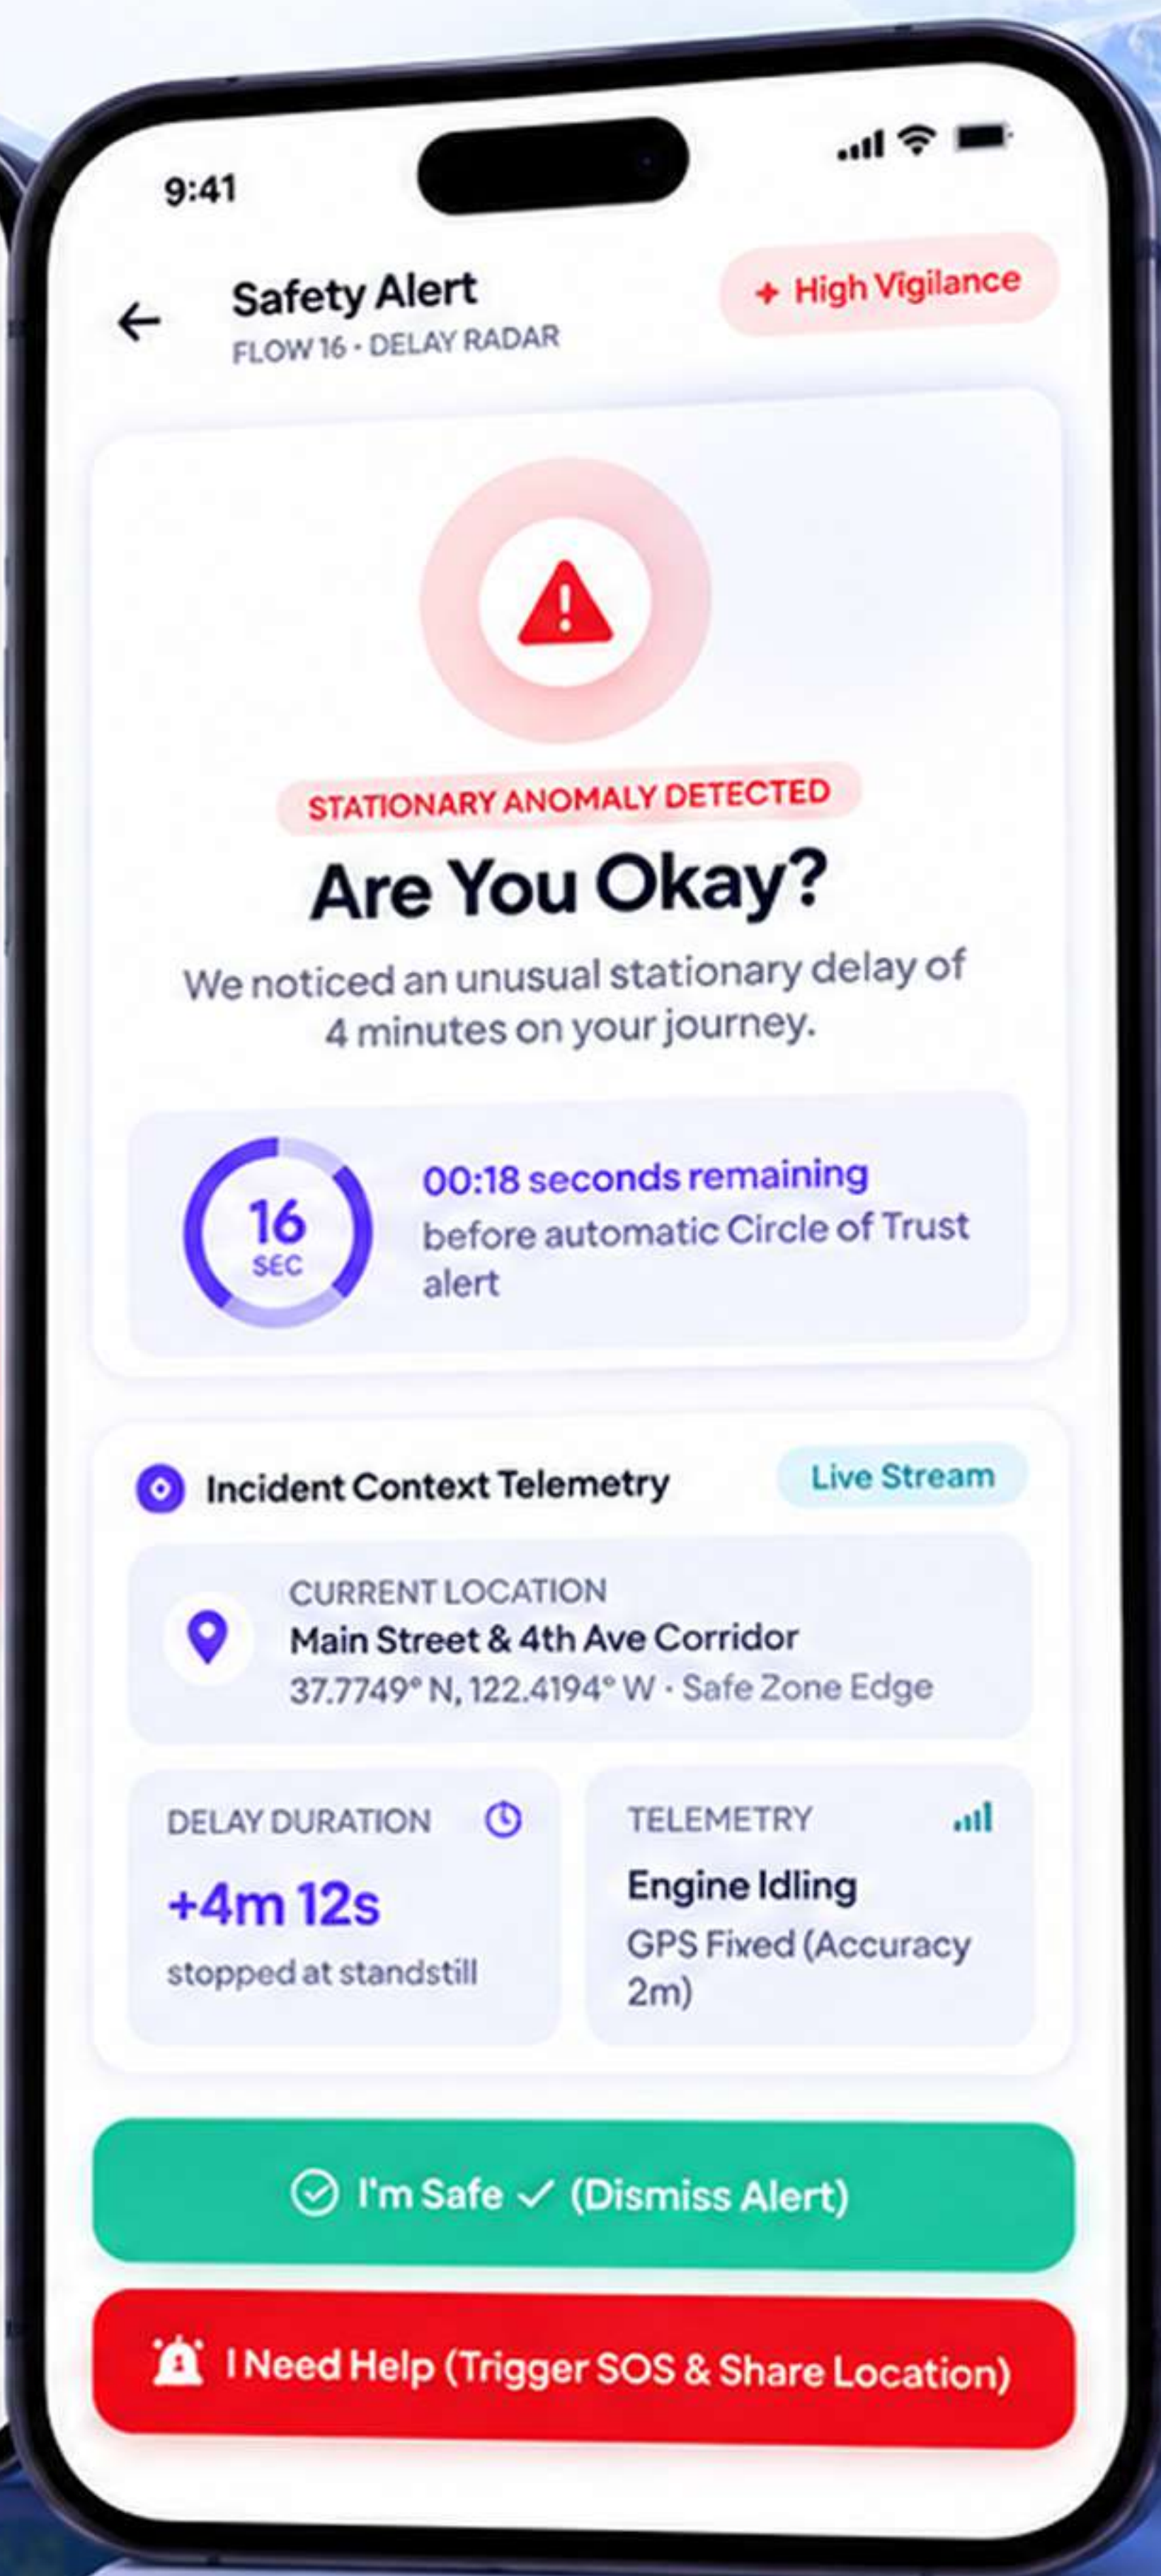

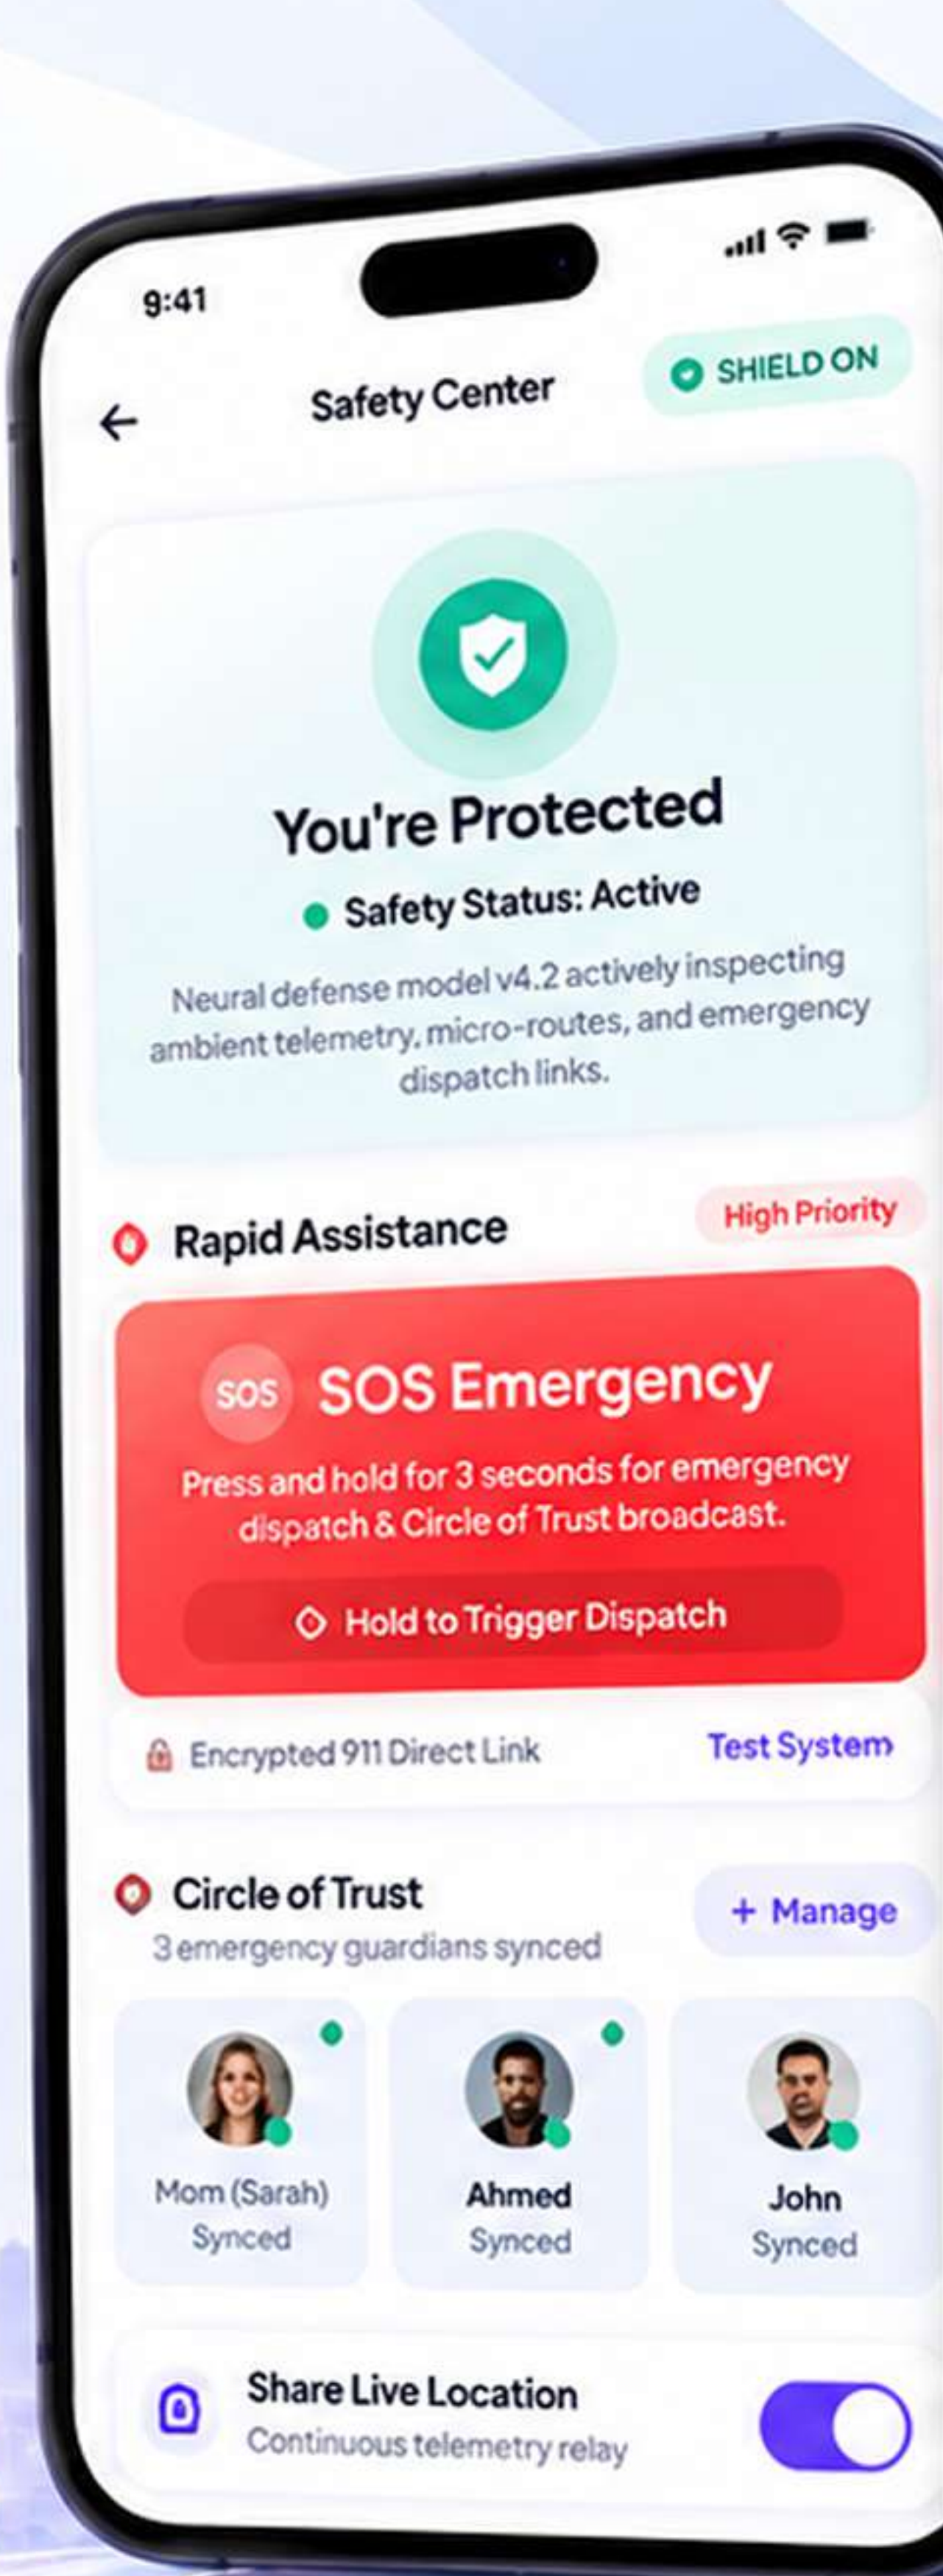

Emergency Assistance

Trigger SOS and instantly notify your Circle of Trust with your live location.

AI Safety Monitoring

Detects stationary delays, unusual activity and higher risk areas during your journey.

TRAVEL INSIGHTS

Smarter Journeys with AI Insights

Get detailed journey statistics, safety scores, and environmental insights to make better travel decisions every day.

Journey Analytics

Track completed journeys, distance, safety score and travel patterns.

Eco-Friendly Insights

Monitor fuel savings, lower emissions and eco-friendly route alternatives.

Route Comparison

Compare multiple routes with safety score, ETA and live conditions.

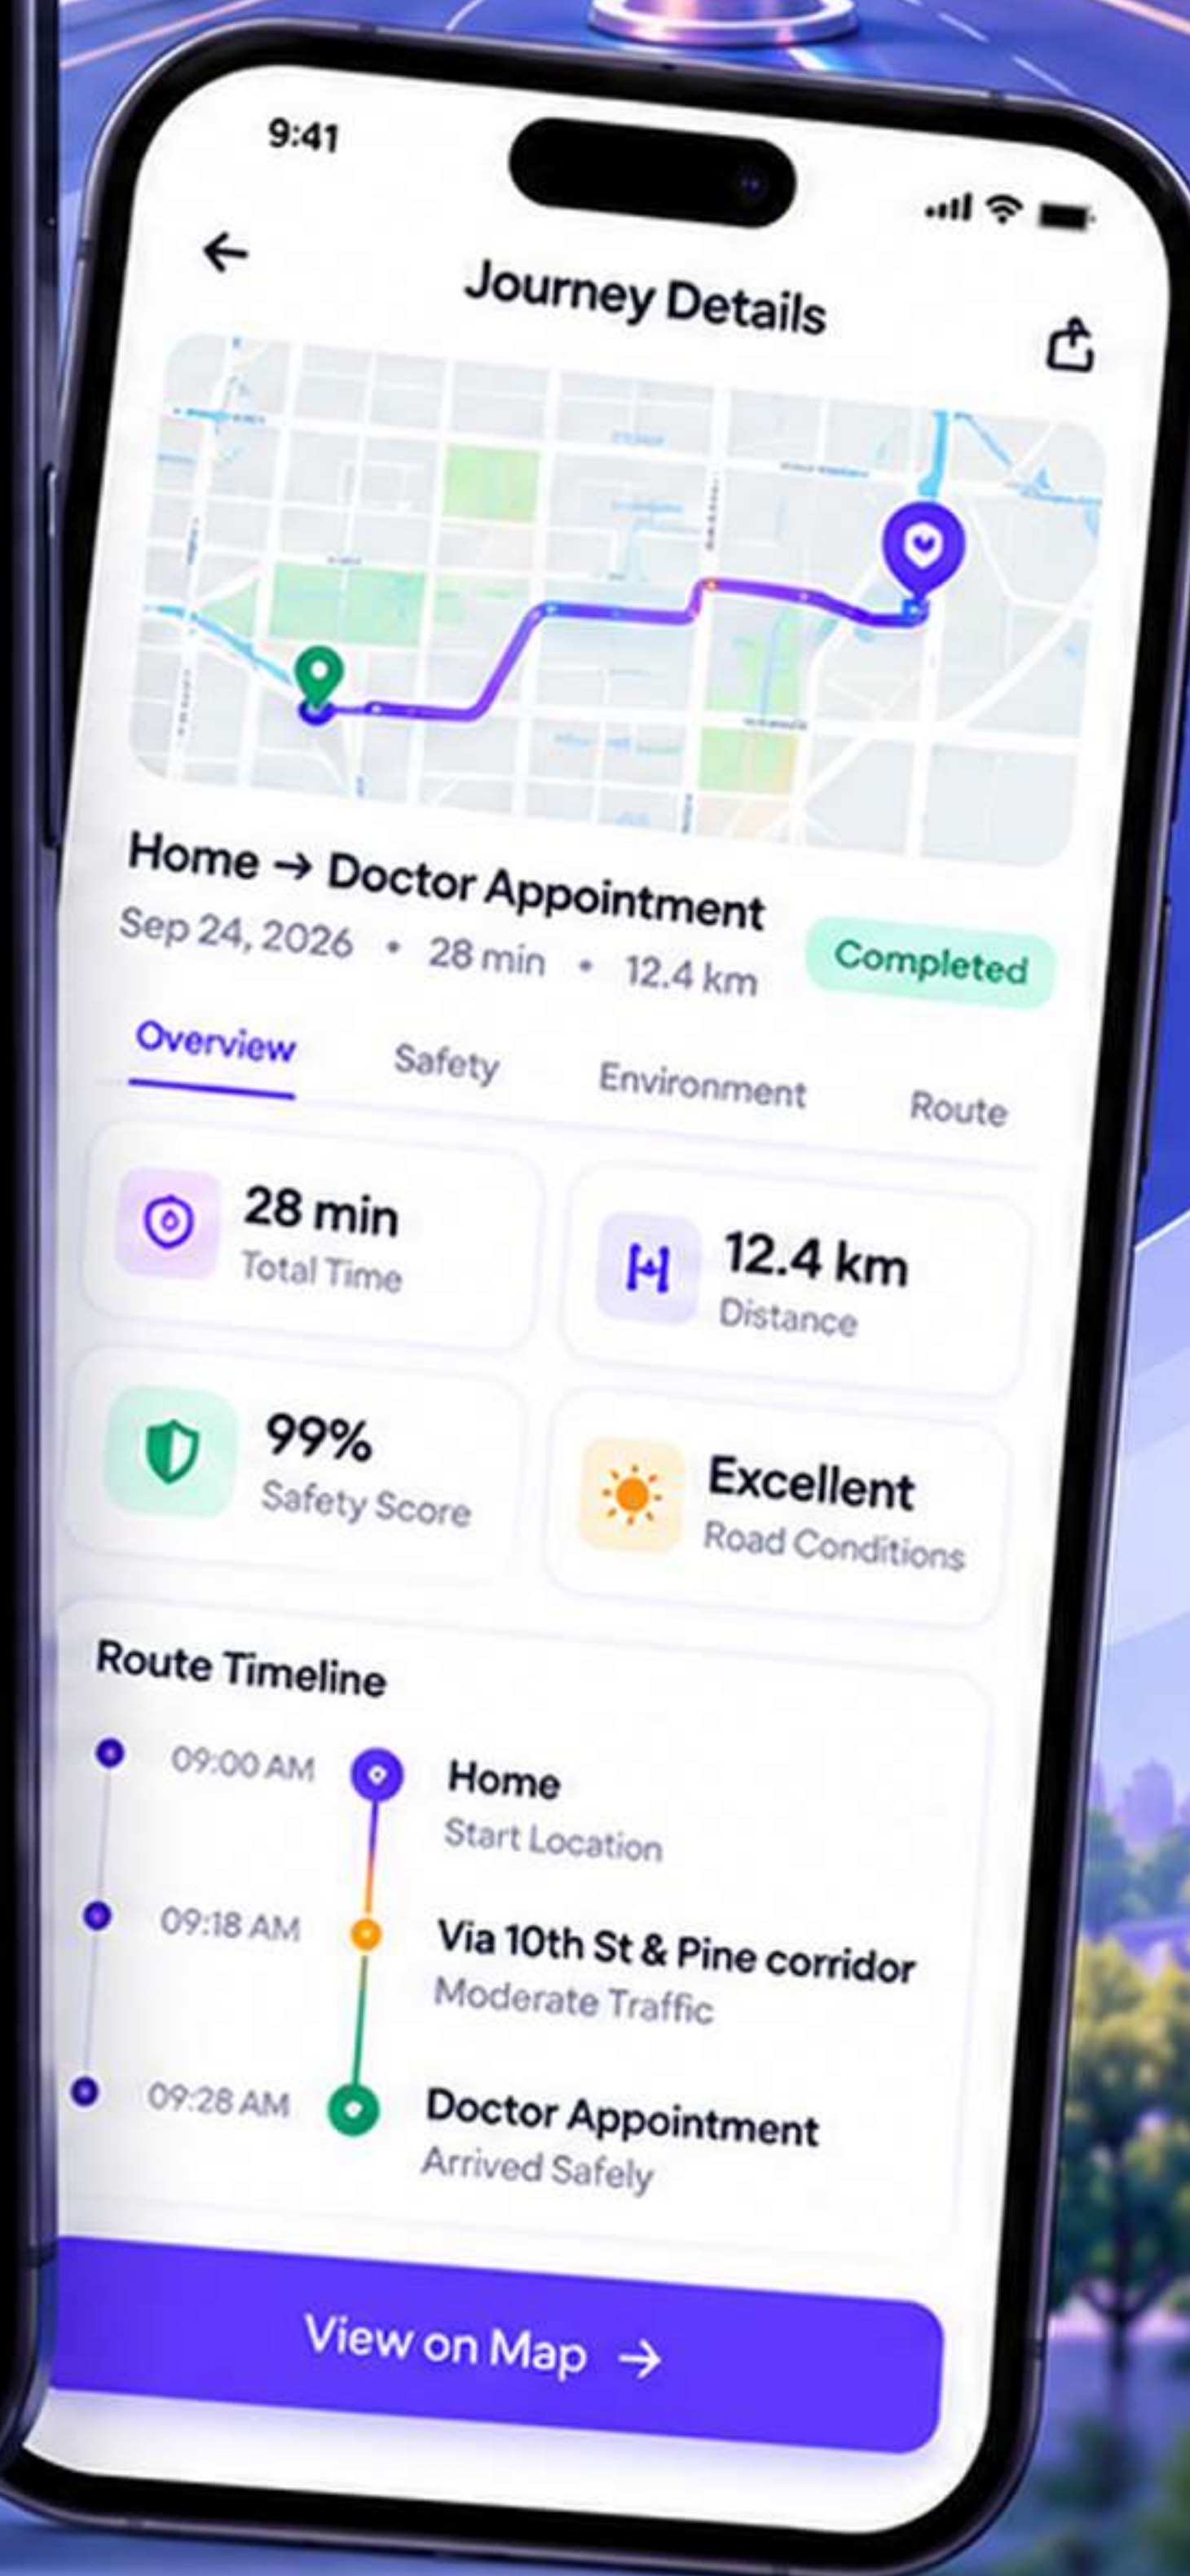

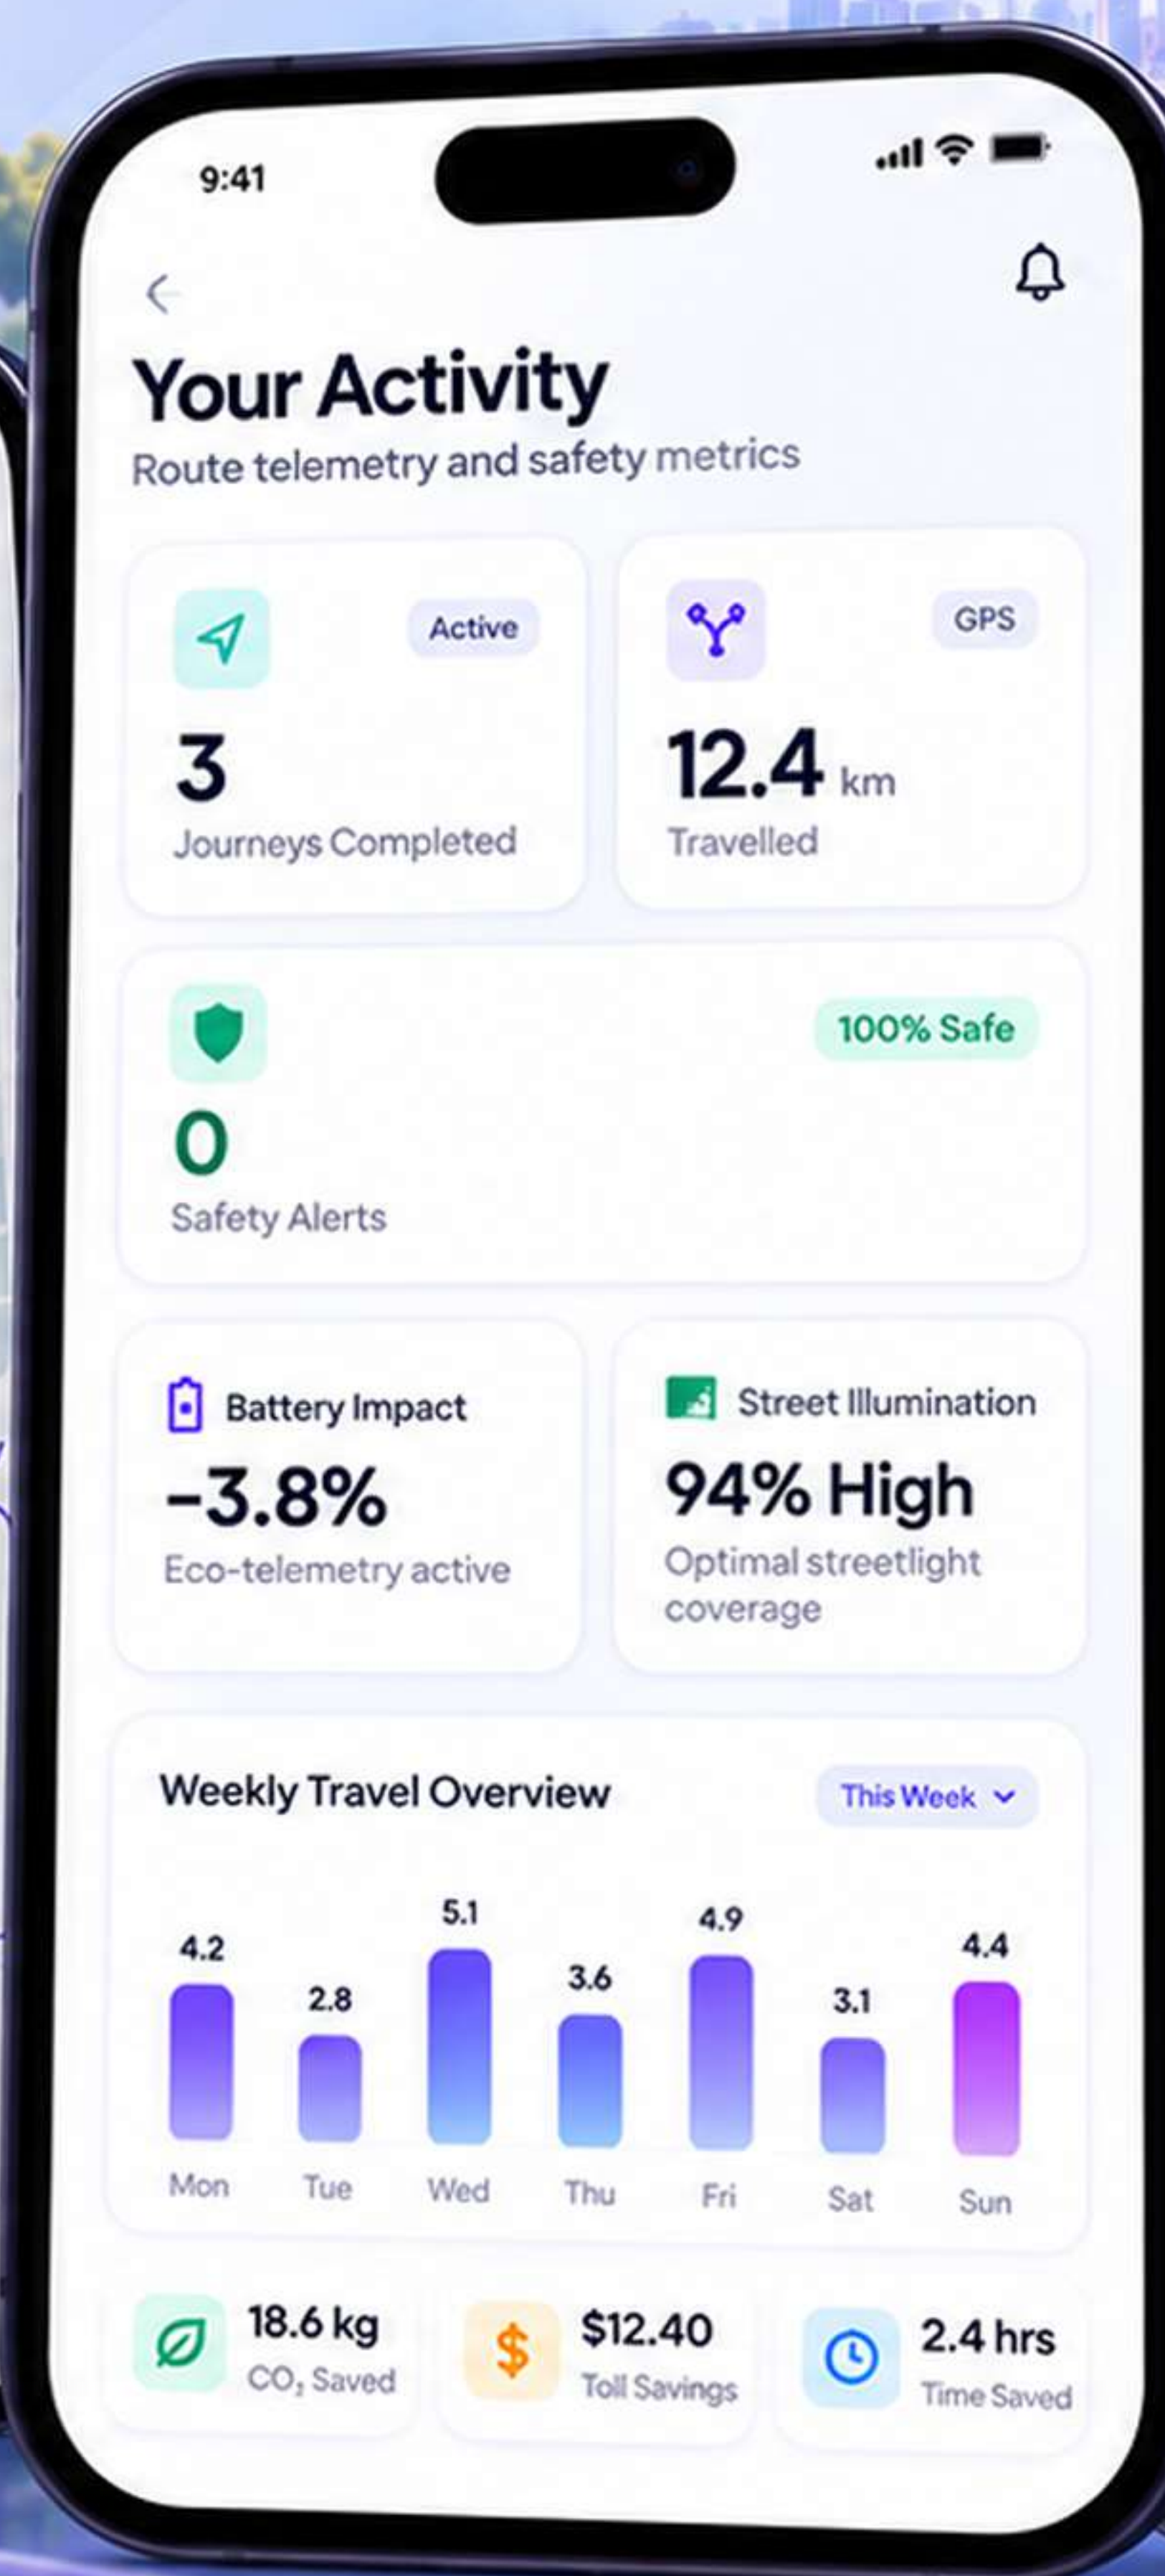

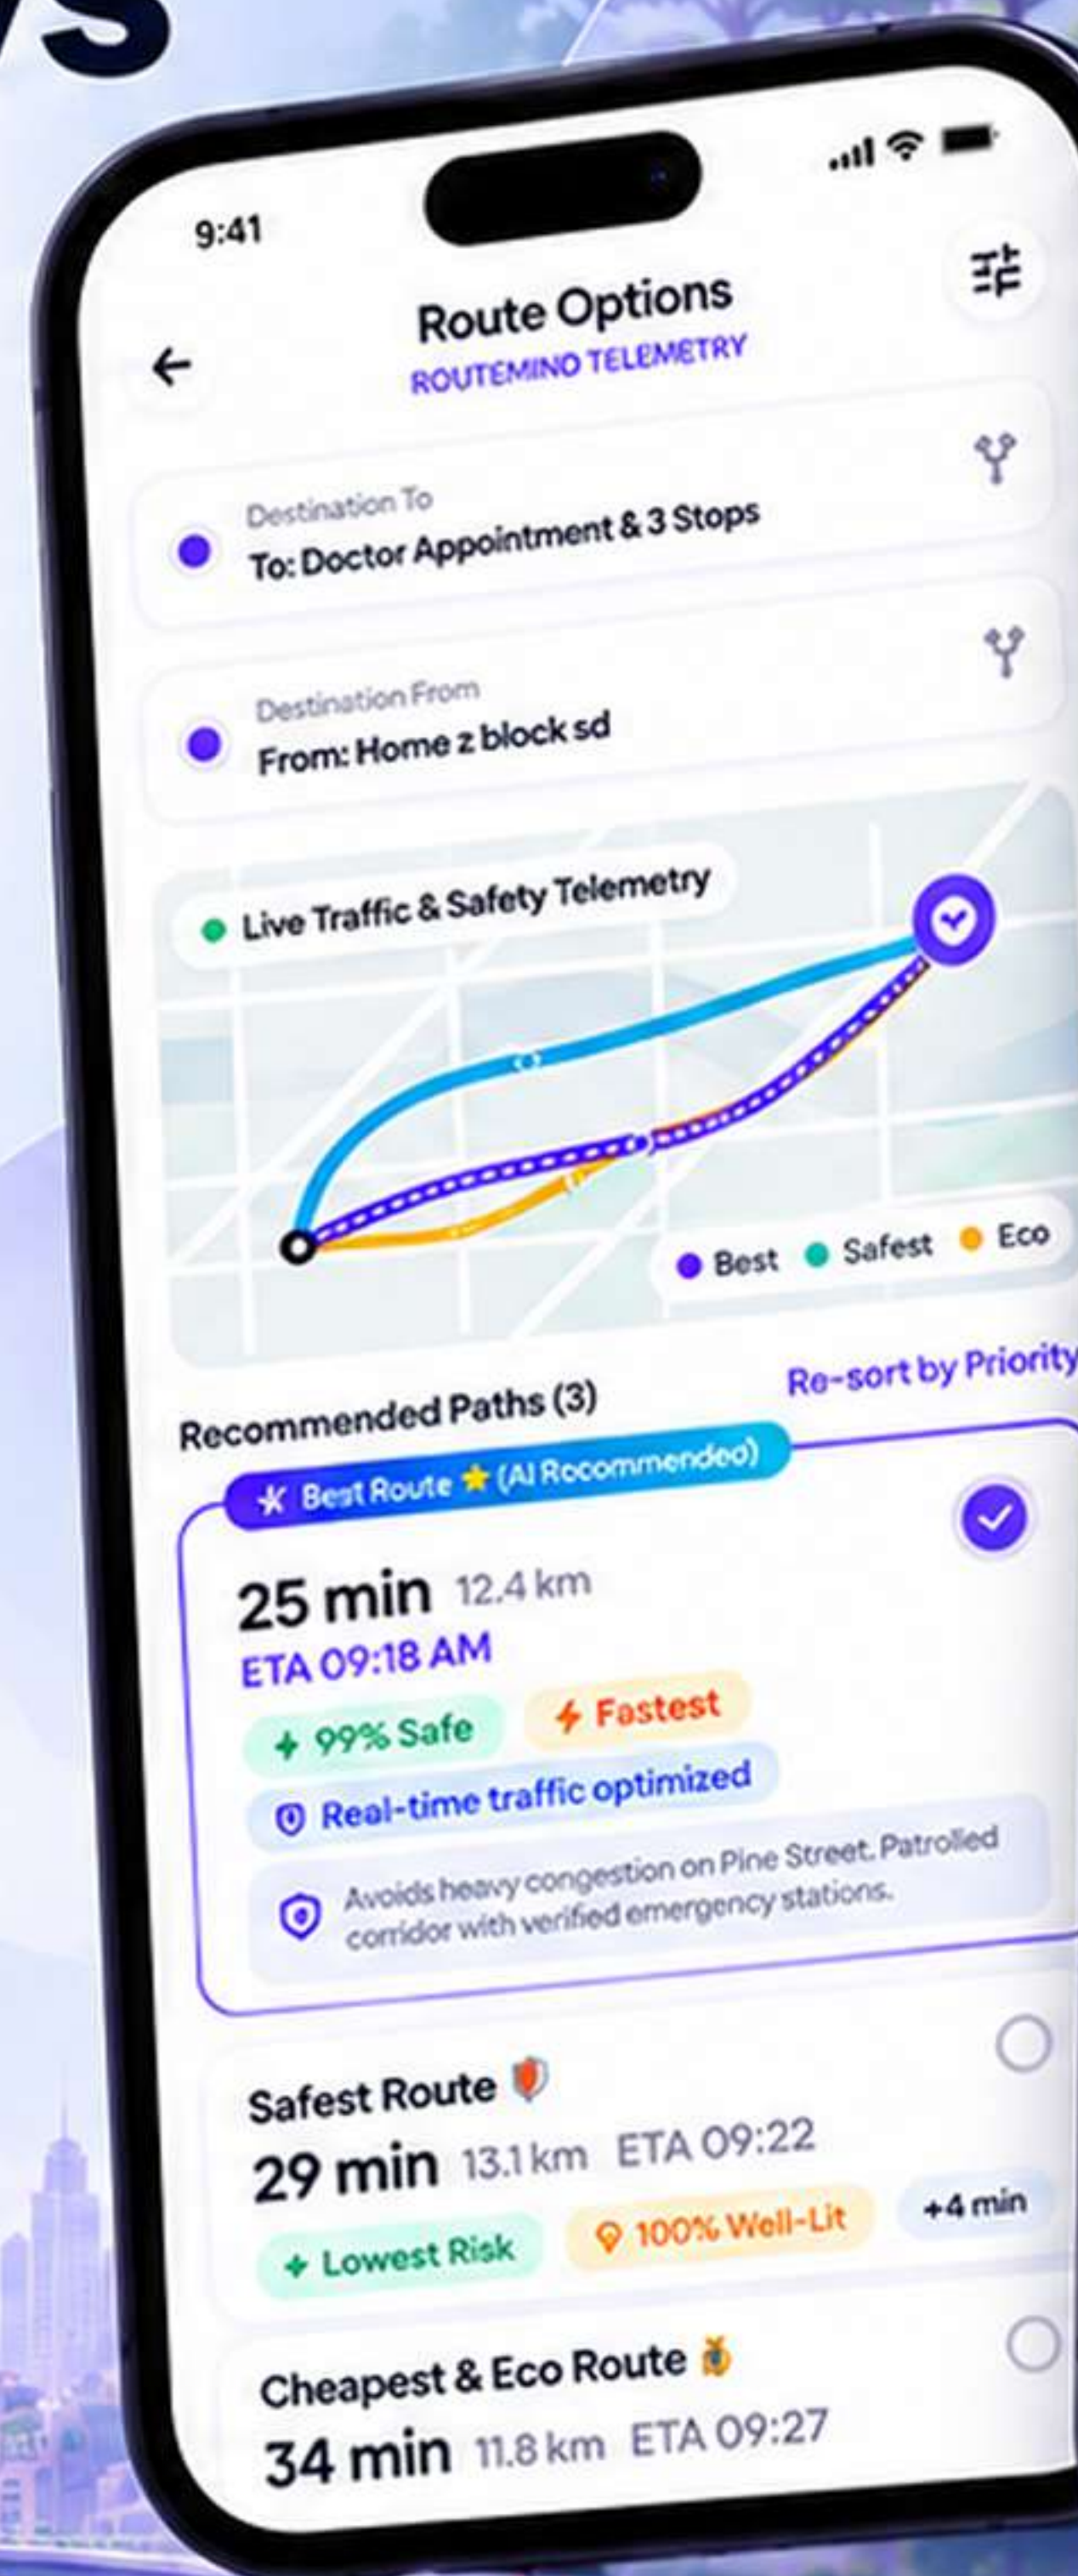

Location History

View your past journeys and important locations with complete details.

Personal Safety Score

Get AI-powered safety ratings based on real-time telemetry and environment data.

Thank You For Exploring RouteMind AI

We're on a mission to make every journey safer, smarter, and more reliable with the power of AI and real-time data. Stay tuned for updates and be part of a safer travel experience.
